Edna Manley: Fifty Years a Sculptor Basil McFarlane, 1972 After the Postcolonial Caribbean Brian Meeks, 2023-01-20 Examines the history and possible futures of radical politics in the postcolonial Caribbean A book of rare beauty Bill Schwarz Professor at Queen Mary University of London Across the Anglophone Caribbean the great expectations of independence were never met From Black Power and Jamaican Democratic Socialism to the Grenada Revolution the radical currents that once animated the region recede into memory More than half a century later the likelihood of radical change appears vanishingly small on the horizon But what were the twists and turns in the postcolonial journey that brought us here And is there hope yet for the Caribbean to advance towards more just democratic and empowering futures After the Postcolonial Caribbean is structured into two parts In Remembering Brian Meeks employs an autobiographical form drawing on his own memories and experiences of the radical politics and culture of the Caribbean in the decades following the end of colonialism In Imagining he takes inspiration from the likes of Edna Manley George Lamming and Stuart Hall in reaching toward a new theoretical framework that might help forge new currents of intellectual and political resistance Meeks concludes by making the case for reestablishing optimism as a necessary cornerstone for any reemergent progressive movement *EDNA MANLEY*, 1973 **Sistren Theatre Collective and the Politics of Space in Jamaica** Karina Smith, 2026-01-01 This book offers the first full length scholarly study of Sistren Theatre Collective one of the most significant theatre companies in the history of Caribbean drama It looks critically at Sistren s theatre productions and its community outreach programme as well as its leading role in the Caribbean women s movement and its relationship with development agencies The book charts Sistren s emergence influence and transformation from a women s only theatre company to a mixed gender non governmental organization Covering Jamaica s socio political history since the island s Independence in 1962 this study places Sistren s work in the context of Jamaica s past as a plantation economy and the ongoing impact of colonialism and neocolonialism in Jamaican society This book will appeal to scholars and students in the discipline areas of Caribbean Studies Theatre Studies Gender studies and Development Studies as well as activists and theatre practitioners
