Gun Control And Gun Rights:

The Gun Debate Philip J. Cook, Kristin A. Goss, 2020-04-02 The Gun Debate What Everyone Needs to Know takes readers on a tour of the issues that Americans debate when they talk about guns The volume includes information on gun control pertaining to U S history jurisprudence cultural beliefs political agendas epidemiological data criminology law and regulation and policy effectiveness **Critical Perspectives on Gun Control** Anne C. Cunningham, 2016-12-15 Every day forty eight children and teens are shot of these seven will die from gun related violence Everyone agrees that these statistics are horrific and yet people disagree about how to reduce gun related violence Will more federal control of gun sales help Or as others state will this lead to an uptick in violence among those who obtain guns illegally This text introduces different perspectives about this important and timely issue Experts politicians judges and everyday people weigh in on this contentious issue allowing students to analyze gun control from all sides The Gun Debate Philip J. Cook, Kristin A. Goss, 2014 The authors explore the origins of the American gun culture and the makeup of both the gun rights and gun control movements Written in question and answer format the book will help readers make sense of the ideologically driven statistics and slogans that characterize our national conversation on firearms Publisher s description **The Gun Control Debate** Lianna Tatman, 2019-07-15 The recent sharp rise in school shootings in the United States has kept the gun control debate going However for many people it is an emotional topic making much of the information that people hear in the media or from friends and family members biased in one way or another Understanding the history of gun laws in America and the realities of both sides of the issue is pivotal Up to date statistics annotated quotes from experts and real world examples contextualize the arguments surrounding this complex issue This knowledge allows young adults to become informed participants in the gun control debate The Second Amendment and Gun Control Laws as a Subject of Debate Lisa Schreinemacher, 2019-08-26 Seminar paper from the year 2019 in the subject American Studies Culture and Applied Geography grade 1 7 University of Bonn language English abstract This study is concerned with the historical development of the Second Amendment and how it is interpreted today In doing so John Vile s A Companion to the United States Constitution and its Amendments and Adam Winkler s Gun Fight have been consulted to provide background information on the history of the Second Amendment Due to the fact that this term paper also deals with current statistics on gun control laws it also relied on online research and online publications Firstly there will be a chapter that deals with the original intent of the founding fathers who framed the Second Amendment to the United States Constitution It will provide an historical overview of the creation of the Second Amendment and what led to its inclusion into the Bill of Rights It further tries to explain the founder s interpretation of the Second Amendment with regards to the militia The third chapter will focus on the question of how the National Rifle Association was able to rewrite the Second Amendment in order to gain more profit and get support for gun rights The chapter will present the approach taken by the NRA that resulted in a new interpretation of

the Second Amendment and established the perception of an individual right to possess firearms within American society It will take into account the Supreme Court cases of United States v Miller of 1939 and District of Columbia v Heller of 2008 that ultimately guaranteed an individual s right to own firearms without any connection to a militia Another chapter will focus on gun control laws and provide a comparison between the United States and other developed countries Furthermore this chapter will give an insight into the perception of the Second Amendment within American society and discusses current gun control policies Finally the last paragraph of this term paper will be a conclusion which sums up the results achieved and gives an outlook for future research on the Second Amendment and gun control laws Gun Control Sandra Alters,2007 A compilation of facts and statistics on gun control in the U S discussing the history of the right to bear arms firearms laws and regulations related court rulings guns and crime injuries and fatalities guns and youth public attitudes and gun control laws

Gun Rights & Responsibilities Brian Kevin,2012-01-01 This title examines the roots of the second amendment to the US Constitution from the history of gun rights in England to the Founders reasoning behind the second amendment and the responsibilities that accompany these rights Important regulating legislation such as the National Firearms Act Gun Control Act of 1968 and the Brady Handgun Violence Prevention Act are examined as well as important court decisions such as District of Columbia v Heller and McDonald v City of Chicago Carry laws and regulations are covered as are gun rights in other nations as well as laws in different American states The debate on gun control is covered as are the National Rifle Association and the Brady Center to Prevent Gun Violence Aligned to Common Core Standards and correlated to state standards Checkerboard Library is an imprint of Abdo Publishing a division of ABDO **Gun Control and Gun Rights** Andrew J. McClurg,David B. Kopel,Brannon Denning,2002-06 The benefits of gun ownership The costs of firearms Philosophical roots of the right to arms and of opposition to the right The right to arms in the Second Amendment and state constitutions cases and commentary Guns and identity race gender class and culture Gun Control and Gun Rights Andrew J. McClurg,David B. Kopel,Brannon Denning,2002-06 The benefits of gun ownership The costs of firearms Philosophical roots of the right to arms and of opposition to the right The right to arms in the Second Amendment and state constitutions cases and commentary Guns and identity race gender class and culture Gun Control Susan Dudley Gold,2004 Discusses the history of guns and gun control in the United States relevant laws and legal cases and the arguments posed by both sides in the debate about how much government control there should be over firearms **Gun Control** Ted Gottfried,1993 Presents arguments for and against the licensing and control of firearms in the United States examining the historical role of guns the constitutionality of restricting gun ownership past and current legislation and proposals for new restrictions *The Triumph of the Gun-Rights Argument* Harry L. Wilson,2015-01-16 Taking the bold position that the battle over gun control has already been won by the pro gun rights faction this book will be equally informative to those immersed in the debate and those new to it Gun control evokes passions equaled by few other subjects

As this book shows the debate over firearms begins with cultural values and extends into questions of constitutional rights public health and safety and politics Examining its subject through the prism of the Sandy Hook shootings the book looks at the influence of elected officials the courts interest groups and average citizens in shaping gun control laws It shares poll results detailing what the public really thinks about guns and why and it explains the various components of gun policy and policymaking to show how they come together to form the current reality While small skirmishes about the right to bear arms will continue for some time the author a self described gun owning academic asserts that changing public opinion Supreme Court decisions dominance of gun rights interest groups the Democratic Party s virtual withdrawal from the discussion and a declining violent crime rate have formed a perfect storm resulting in the effective end of the gun control debate This assertion and the thoughtful examination that leads to it will be of equal interest to those engaged in the argument and those researching it for the first time

[The Changing Politics of Gun Control](#) John M. Bruce, Clyde Wilcox, 1998-05-14 In recent years political discourse about gun control and the Second Amendment has become increasingly volatile and this collection of original essays by top scholars illuminates the various reasons why Gun lobbies such as the National Rifle Association are more organized and aggressive and their issue agenda has evolved as new and more powerful weapons and militia appear On the other side of the debate the critical wounding of James Brady gave gun control advocates a visible martyr with strong ties to Republican conservatives In sum gun control and the right to bear arms have become hotly disputed issues where political alignments are constantly shifting The contributors chart these changes and explore how Congress the courts the President and individual states are currently addressing the issue of gun control This book which includes profiles and examinations of relevant interest groups the gun control coalition recent Supreme Court decisions and public opinion surveys will be of great interest to classes in political science American government law and sociology

The Second Amendment and Gun Control Kevin Yuill, Joe Street, 2017-09-14 The Second Amendment by far the most controversial amendment to the US Constitution will soon celebrate its 225th anniversary Yet despite the amount of ink spilled over this controversy the debate continues on into the 21st century Initially written with a view towards protecting the nascent nation from more powerful enemies and preventing the tyranny experienced during the final years of British rule the Second Amendment has since become central to discussions about the balance between security and freedom It features in election contests and informs cultural discussions about race and gender This book seeks to broaden the discussion It situates discussion about gun controls within contemporary debates about citizenship culture philosophy and foreign policy as well as in the more familiar terrain of politics and history It features experts on the Constitution as well as chapters discussing the symbolic importance of Annie Oakley the role of firearms in race and filmic representations of armed Hispanic girl gangs It asks about the morality of gun controls and of not imposing them The collection presents a balanced view between those who favour more gun controls and those who would prefer fewer of them It is infused with the belief that through honest and open debate the often

bitter cultural divide on the Second Amendment can be overcome and real progress made. It contains a diverse range of perspectives including uniquely a European perspective on this most American of issues. **Gun Control and Gun Rights** Constance E. Crooker, 2003-06-30. The gun control debate has roots dating back to the founding of our country. The author traces this debate from origin to present day. **Debating Gun Control** David DeGrazia, Lester H. Hunt, 2016. Americans have an ambivalent relationship to guns. The debate over the role of guns and gun regulations in American society tends to be acrimonious and misinformed. DeGrazia and Hunt bring the advantages of philosophical analysis to this highly charged issue in the service of illuminating the strongest possible cases for and against relatively extensive gun regulations. **Guns across America** Robert Spitzer, 2015-04-13. A fascinating tour through the history of one of America's most controversial issues: gun control. **Gun Control** Suzanne B. Squyres, 1997. **What's Gun Control?** Kate Rogers, 2017-12-15. Gun control is a popular topic of debate on news programs and online but these debates are sensationalized and often do not fully explain the issue and the points of view of people on both sides of it. Readers are given a clearer picture of what gun control means and why people support and oppose it through fact-filled text and relevant full-color photographs. Fact boxes and graphic organizers supply readers with additional details to help them develop their own informed opinion on this topic and understand those whose opinion differs from theirs. *Gun Control* ViewCaps, 2013-03-13. Gun Control. That single phrase is enough to spark a passionate debate from either side. It's hard to form a view one way or another when there is so much heated opinion for or against it. The ViewCaps Pros and Cons series takes a step back and looks at the issue objectively. It lays out only the facts and lets you decide what opinion to take. ViewCaps is an imprint of BookCaps Study Guides. With each book a issue is objectively analyzed.
