Labyrinths Of Information:

The Labyrinths of Information Claudio Ciborra,2004-09-23 How to use information and communication technologies in organizations and how to manage their impact has been the traditional domain of computer specialists and management consultants The former have offered multiple ways to represent model and build applications that would streamline and accelerate data flows while the latter have been busy linking the deployment of ICTs with strategy and the redesign of business processes This book takes quite a different approach altogether In a series of essays Ciborra uses a string of metaphors such as Bricolage Krisis Gestell etc to place a concern for human existence and our working lives at the centre of the study of ICTs and their diffusion in business organizations and looks at our practices improvisations and moods He draws upon his own extensive research and consulting experience to throw a fresh light on some key questions why are systems ambiguous Why do they not give us more time to do things Is there strategic value in tinkering even in high tech settings What is the value of age old practices in dealing with new technologies What is the role of moods and affections in influencing action and cognition *Labyrinths of Information* presents an alternative to the current approaches in management software engineering and strategy that will be of interest to all those concerned with the deployment of ICTs in society today whether as users managers designers policy makers or the merely curious

The Labyrinths of Information Claudio Ciborra,2007 *The Labyrinths of Information* ,2004 *The Way of the Labyrinth* Helen Curry,2000-10-01 The first time Helen Curry walked a labyrinth she was moved to tears and then was filled with peace and possibilities Here she shares her years of experience with labyrinth meditation and shows how others can find serenity and guidance by adopting this increasingly popular practice Unlike mazes which force choices and can create fear and confusion labyrinths are designed to embrace and guide individuals through a calming meditative walk on a single circular path *The Way of the Labyrinth* includes meditations prayers questions for enhancing labyrinth walks guidelines for ceremonies instructions for finger meditations and extensive resources This enchanting practical and exquisitely packaged guide helps both novice and experienced readers enjoy the benefits of labyrinth meditation from problem solving to stress reduction to personal transformation Includes a foreword by Jean Houston the renowned author and leader in the field of humanistic psychology who is considered the grandmother of the current labyrinth revival

Moon's Labyrinth: Vol.8 Hungry Panda ,2025-01-13 His friend and his wife betrayed him The only thing left to him was his massive debt and his precious daughter He was without hope as he lived at the bottom However a last chance had come to Sungyoon He was a man without a heartbeat and he will explore the Moon s Labyrinth He ll explore the parts of the dungeon yet to be seen

Celebrating the Labyrinth Gailand MacQueen,2021-04-05 Labyrinths and labyrinthine borders have been around for a very long time In fact they have been used outside of formal religion as a ritual object to express spiritual values for at least 3500 years in countries all over the world including China India the Holy Land Ireland Southern Europe Scandinavia pre Columbian America and England They can be

found at Neolithic and Sardinian and Hopi rock art sites in Hindu temples and Taoist shrines bordering Minoan frescoes and in Roman mosaics They have been incorporated into Roman Catholic and Episcopal cathedrals Protestant churches and in New Age retreat centres They have been carved into rocks turf and wood engraved in metal laid out in stones woven in reeds set in tiles painted and drawn In other words the labyrinth is a nearly universal form and comes as close as we can to an archetype An archetype is a symbol that appeals to us at an unconscious level We don t have to struggle with its meaning intellectually Its symbolic meaning is somehow ingrained in us part of our very nature As a result it may appeal to us without our even understanding why It is always risky to talk about the meaning of such an archetypal symbol We know that it must carry a wealth of meaning to appeal to so many different sorts of people over such a long stretch of time But we can tentatively explore some of its meanings if we stay aware that we can never really plumb all of its riches

Stress Management Nanette E. Tummers,2013-06-24 Stress is an unavoidable part of our everyday lives and some of it can be good But a lot of stress is unhealthy and most of us don t know how to handle it Ignoring or mishandling unhealthy stress has all sorts of negative consequences That s why Stress Management A Wellness Approach is such a valuable resource This student friendly guide identifies stressors in six dimensions of life physical emotional intellectual social spiritual and environmental and presents tested tools that students can use in managing that stress in healthy ways This text offers these features Questions that promote critical and reflective thinking in journal entries and discussions as students look to creatively solve problems Experiential activities that encourage students to practice stress management techniques Author Nanette Tummers presents stress management from a holistic viewpoint She considers not only the symptoms of stress but also the challenges students face in their physical emotional intellectual social financial cultural and spiritual circumstances Stress Management draws heavily from leading research and best practices from experts in the field of positive psychology such as Seligman flourishing Benson relaxation response and Kabat Zinn mindfulness The material cultivates students strengths rather than pointing out their weaknesses The book includes sidebars describing resources books and websites that instructors and students alike can use in further exploration of issues in stress management Stress Management helps college students manage stress in today s fast paced ever changing climate social culture politics economics technology and media It explores key issues of stress and stress management and offers evidence based research and practical tools that students can use in coping with changes and stress in healthy and positive ways now and throughout their lives

The Labyrinth Ross Franklin Lockridge,1975 *Mazes and Labyrinths* William Henry Matthews,1922 *Mazes and Labyrinths* is a look into the origin and mystery of mazes From ancient stone carvings Minoan palaces to today s hedge maze Matthews chronicles the history of the maze With over 140 illustrations *Labyrinths* Virginia Westbury,2003-10
