The Messiah Code C. Thornton Chick,2023-05-04 What if there was an embedded Code in every chapter and verse of the Bible that is Empirical Proof the Bible is of Supernatural origin The Messiah Code doesn t just

make that assertion it empirically proves it to be true After surviving three bouts with cancer and a supernatural rescue from drowning I always wondered what God had saved me for I prayed about it for over thirty years then just before my eighty fourth birthday the Lord Yeshua Jesus revealed to me that all numbers including chapter and verse in the Bible are personally signed by HIM with a supernatural mathematical algorithm that was hidden in plain sight True believers accept that all 785 000 words of the Bible are the Holy Spirit inspired Word of God by faith Unfortunately an unbeliever always wants proof Now they can have it The Lord Yeshua Jesus revealed to me the cypher to the mathematical code and anyone layman scholar or skeptic can discover for themselves the author of the Bible is Messiah Yeshua Jesus If after disclosing the Messiah Code to your unbelieving friends and letting them test the empirical proof themselves and they are still not 100% convinced the Bible is of supernatural origin then with all due respect they probably don't believe in gravity They are lost but God is in the lost and found business I am a layman not a Bible scholar I was a professional inventor for over forty years learning you cannot defy the laws of mathematics Millions of patents are searched every year to determine If an idea is new or novel and 99% of all patent applications are dismissed because it is obvious the idea already exists What is proven in the Messiah Code is obvious that imbedded in numbers of chapter and verse is the signature of our Lord Yeshua Jesus

Persian Gardens and Pavilions Mohammad Gharipour,2013-04-02 From Timur's tent in Samarqand to Shah Abbas's palace in Isfahan and Humayun's tomb in Delhi the pavilion has been an integral part of Persianate gardens since its earliest appearance at the Achaemenid garden in Pasargadae in the sixth century BC Here Mohammad Gharipour places both the garden and the pavilion within their historical literary and artistic contexts emphasizing the importance of the pavilion which has hitherto been overlooked in the study of Iranian historical architecture Starting with an examination of the depictions and representations of gardens in religious texts Gharipour analyses the how the idea of the garden developed from the model of pre Islamic gardens in Achaemenid and Sassanian Persia to its mentions in the Zoroastrian text of Aban Yasht and on to its central role as paradise in the Qur'an Continuing on with an exploration of gardens and pavilions in Persian poetry Gharipour offers in depth analysis of their literal and metaphorical values It is in the poetry of major Persian poets such as Ferdowsi Naser Khosrow Sa di Rumi and Hafez that Gharipour finds that whilst gardens are praised for their spiritual values they also contain significant symbolic worth in terms of temporal wealth and power Persian Gardens and Pavilions then goes onto examine the garden and the pavilion as reflected in Persian miniature painting sculpture and carpets as well as accounts of travelers to Persia With masters such as Bizhad representing daily life as well as the more mystical prose and poetry in for example Sa di's Bustan The Orchard and Golestan The Rose Garden the garden and the pavilion can be seen to have crucial semiotic significances and cultural meanings But in addition to this they also point to historical patterns of patronage and ownership which were of central importance in the diplomatic and social life of the royal courts of Persia Gharipour thereby highlights the metaphorical spiritual symbolic and religious aspects of gardens as well as their more materialistic and

economic functions This book reaches back through Persia's rich history to explore the material and psychological relationships between human beings pavilions and gardens and will be a valuable resource for Art History Architecture and Iranian Studies [Jordan Bonnie Gaunt,2015-02-25](#) The amazing number code of the Bible is intricately interwoven into the sacred geography of the Jordan river and the sacred geometry of our planet revealing a plan formed from the foundation of the world The author has been researching and writing about the Bible's number code gematria for over forty years [The Sistine Chapel: a Study in Celestial Cartography](#) William John Meegan,2012-11-30 GODS MISSIVE TO THE SOUL THE SISTINE CHAPEL A Study in Celestial Cartography is a highly mystical and contemplative inquiry into The Mysteries and Esoteric Teachings of the Catholic Church The Catholic Church's only onus in the world is to re-articulate the sacred scriptures esoterically into as many artistic venues as possible Through a comprehensive comparative analysis of the symbolic and esoteric patterns codified to the Judeo-Christian Scriptures the landscape of Jerusalem Chartres Cathedral stone and glass Dante Alighieris La Divina Commedia pen and ink the Sistine Chapel mosaics paint and wet plaster and Saint Peters Basilica marble the reader can determine for him or herself the efficacy of the esoteric science which hails from the dawn of the time-space continuum as a direct missive from God The author discovered a relatively simple and yet extremely sophisticated mathematical and grammatical system of thought in ancient literature the integration of the Seven Liberal Arts Antiquity developed this esoteric science inherent in the soul psyche to codify the Word of God esoterically into the world's sacred literature Each letter of the world's sacred literature is symbolized and alphanumerically structured which makes the interpretation of each word far more important than the sum of its letters The Holy Writ i.e. the world's religious literature is an encyclopedic library of knowledge relating wholly to the soul psyche There is no purpose for esotericism's existence other than for God to have a one-on-one relationship with the soul psyche Why is the soul psyche seemingly in the world How did the soul psyche come to its present state of existence What can the soul psyche do to extricate itself from its plight when the dynamic forces of the world become too oppressive for it to bear [Locations of God](#) Mark G. wrote about Genesis to reconstruct the intellectual history of the period It explores how their use of Genesis discloses common attitudes to revelation authority and one another In turn the book examines how awareness of their self understanding can help in understanding their exegesis Since they built on authorities and one another and wished to remain true to their authorities how did exegesis change and develop This study reveals a group who saw themselves as a single body dispersed over time charged with a common task as Christian Schoolmasters and who wished to retain all the had received make it suitable for teaching their students and ensure its continuance The book explores the intellectual bonds between those we usually study e g Augustine and umpteen others whose often anonymous exegeses we tend to ignore yet it was the cumulative impact of both that created medieval theology Bulletin Jewish Religious Union,1922 Thought Wilfrid Parsons,Francis Xavier Talbot,Gerald Groveland Walsh,1962 The Church Quarterly Review Arthur Cayley Headlam,1898 *Elbert Hubbard's Scrap Book* Elbert Hubbard,1923 A collection of more than seven hundred quotations from the late nineteenth and early twentieth century **Divine Presence and Community** Frank H.
