Tsay Olds focuses on concepts that are isolated and introduced in a logical sequence. The authors intentionally limit the scope of the material to help students build a solid foundation of the most important concepts in managerial accounting. Fundamental Managerial Accounting Concepts 4e is organized in a distinctive way, particularly in the first six chapters. The objective is to establish a coherent integrative framework that enables students to build knowledge in a stepwise fashion. The authors' goal is for students to understand the underlying principles of accounting, not just memorize content. *Study Guide for Financial and Managerial Accounting* Charles T. Horngren, 2008
