

Gorbachev Version

CO Houle

Gorbachev Version:

The Gorbachev Version Richard Hugo, 1991-03 *The Gorbachev Version* Richard Hugo, 1992-03-01 A routine investigation into a black market pharmaceutical antibiotic scam turns into a homicide case when the KGB's main suspect is murdered right before shocked KGB agent Pytor Kirov's eyes Reprint **Inside Gorbachev's Kremlin** Yegor Ligachev, Stephen Cohen, 2018-02-23 This memoir by the second most powerful Communist Party leader during the early Gorbachev years provides an important alternative view of the USSR's transformation a view that is gaining ground in Russian politics today In a substantial new piece for this edition Mr Ligachev outlines the political agenda of today's communist coalition the establishment of a new Soviet Union with strong economic and political integration of its member states Yegor Ligachev a seasoned Party boss from Siberia made a solid career for himself in the capital during the Khrushchev era but following Khrushchev's ouster chose to retreat to the provinces In 1985 his political patrons brought him back to Moscow to help them build a dynamic new leadership team under Mikhail Gorbachev The two reform minded communists launched an effort to inject life and energy into the Party economy and society through a series of liberalizing measures But when Ligachev saw the reforms moving into a revolutionary phase that could result in the Party's loss of control over the helm of state he found himself increasingly siding with the opposition In this gripping book Ligachev describes the evolving confrontation between opposing forces at high level Party meetings and sessions of the Politburo as well as in less formal conversations Along the way he gives revealing glimpses not only of Gorbachev but also of Yuri Andropov Andrei Gromyko Alexander Yakovlev Eduard Shevardnadze Boris Yeltsin and other top leaders Notorious events such as the 1989 massacre in Tbilisi and the Gdlyan Ivanov affair in which Ligachev argues he was unjustly implicated are also highlighted **The Impact of Gorbachev's Reform Movement on the Soviet Military** United States. Congress. House. Committee on Armed Services. Defense Policy Panel, 1989 *The Rise of Russia and the Fall of the Soviet Empire* John B. Dunlop, 1995-04-23 This is the first work to set one of the great bloodless revolutions of the twentieth century in its proper historical context John Dunlop pays particular attention to Yeltsin's role in opposing the covert resurgence of Communist interests in post coup Russia and faces the possibility that new institutions may not survive long enough to sink roots in a traditionally undemocratic culture **Russia's Revolution from Above 1985-2000** Gordon M. Hahn, Relying on a wealth of detailed institutional policy and elite information Hahn presents a magisterial study that fills a significant void in our understanding of USSR's destruction While readers may at times feel overwhelmed readers are presented with a conceptual approach that can be useful for appreciating ongoing institutional changes and often subtle elite maneuverings in the post Soviet era John P Willerton University of Arizona This is a big book in all respects weighty both in size and scholarship The core is a meticulous analysis of the perestroika period of the Soviet Union 1985-91 Followed by a concluding general chapter that applies the earlier analysis to post Communist Russia 1992-2000 The work is based on years of

painstaking analysis considerable archival research and numerous interviews The Russian Review This is an important book with a number of substantive strengths Slavic Review The fall of the Soviet communist regime in 1991 offers a challenging contrast to other instances of democratic transition and change in the last decades of the twentieth century The 1991 revolution was neither a peaceful revolution from below as occurred in Czechoslovakia nor a negotiated transition to democracy like those in Poland Hungary or Latin America It was not primarily the result of social modernization the rise of a new middle class or of national liberation movements in the non Russian union republics Instead as Gordon Hahn argues the Russian transformation was a bureaucrat led state based revolution managed by a group of Communist Party functionaries who won control over the Russian Republic RSFSR in the mid 1990s Hahn describes how opportunistic Party and state officials led by Boris Yeltsin defected from the Gorbachev camp and proceeded in 1990 91 to dismantle the institutions that bound state and party These revolutionaries from above seized control of political economic natural and human resources and then separated the party apparatus from state institutions on Russian Republic territory With the failed August 1991 hard line coup Yeltsin banned the Communist Party and decreed that all Union state organs including the KGB and military were under RSFSR control In Hahn s account this mode of revolutionary change from above explains the troubled development of democracy in Russia and the former Soviet republics Hahn shows how limited mobilization of the masses stunted the development of civil societies and the formation of political parties and trade unions with real grass roots The result is a weak society unable to nudge the state to concentrate on institutional reforms society needs for the development of a free polity and economy Russia s Revolution from Above goes far in correcting the historical record and reconceptualizing the Soviet transformation It should be read by historians economists political scientists and Russia area scholars Gordon M Hahn is visiting scholar at the Hoover Institution Stanford University His articles on Soviet and Russian politics have appeared in Europe Asia Studies Problems of Post Communism Russian Review and Russian History Histoire Russe

Dimensions and Challenges of Russian Liberalism Riccardo Mario Cucciolla, 2019-05-22 Liberalism in Russia is one of the most complex multifaced and indeed controversial phenomena in the history of political thought Values and practices traditionally associated with Western liberalism such as individual freedom property rights or the rule of law have often emerged ambiguously in the Russian historical experience through different dimensions and combinations Economic and political liberalism have often appeared disjointed and liberal projects have been shaped by local circumstances evolved in response to secular challenges and developed within often rapidly changing institutional and international settings This third volume of the Reset DOC Russia Workshop collects a selection of the Dimensions and Challenges of Russian Liberalism conference proceedings providing a broad set of insights into the Russian liberal experience through a dialogue between past and present and intellectual and empirical contextualization involving historians jurists political scientists and theorists The first part focuses on the Imperial period analyzing the political philosophy and peculiarities of pre revolutionary Russian

liberalism its relations with the rule of law Pravovoe Gosudarstvo and its institutionalization within the Constitutional Democratic Party Kadets The second part focuses on Soviet times when liberal undercurrents emerged under the surface of the official Marxist Leninist ideology After Stalin s death the thaw intelligentsia of Soviet dissidents and human rights defenders represented a new liberal dimension in late Soviet history while the reforms of Gorbachev s New Thinking became a substitute for liberalism in the final decade of the USSR The third part focuses on the time of troubles under the Yeltsin presidency and assesses the impact of liberal values and ethics the bureaucratic difficulties in adapting to change and the paradoxes of liberal reforms during the transition to post Soviet Russia Despite Russian liberals having begun to draw lessons from previous failures their project was severely challenged by the rise of Vladimir Putin Hence the fourth part focuses on the 2000s when the liberal alternative in Russian politics confronted the ascendance of Putin surviving in parts of Russian culture and in the mindset of technocrats and system liberals Today however the Russian liberal project faces the limits of reform cycles of public administration suffers from a lack of federalist attitude in politics and is externally challenged from an illiberal world order All this asks us to consider what is the likelihood of a reboot of Russian liberalism

Conservative Review ,1992 **The Soviet System** Alexander Dallin,Gail W Lapidus,1995 Published originally as *The Soviet System in Crisis a Reader of Western and Soviet Views* this revised edition offers a discussion of the transformation of communism under Gorbachev and the eventual collapse of the Soviet Union A wide variety of views is represented *The Bulletin* ,1988

The Rise and Fall of the Communist Revolution Warren Hasty Carroll,1995 This magisterial study of international Communism presents the whole mighty drama of global socialism and Marxism from its pre Bolshevik origins through the establishment of a Communist empire over one third the world population to the shattering defeat of the Soviet state in 1991 A landmark work of history exhaustively documented and narrated in a compelling style The Economist ,1990

Perestroika Ken Coates,1988 **Gorbachev's Struggle for Economic Reform** Anders Åslund,1991 *Paperbound Books in Print* ,1992 **Global Affairs** ,1991 **Great Britain and the World** Chris Patten,1990 The Soviet Crisis and Foreign Policy Toward East Asia James H Billington,Herbert J Ellison,1991 **Pakistan India Relations** Rafiq Ahmad,1989 Strategic Digest ,1987
