**A note from the publisher**

In order to provide our students with high quality resources for their science and science qualifications, we have brought a team of science teachers working together to develop a revision guide for the specification of Edexcel GCSE Combined Science (Higher tier). This book is designed to support the specification of Edexcel GCSE Combined Science (Higher tier) and to provide a revision resource for students preparing for their examinations.

Our authors have worked closely with the specification team to ensure that the book is up to date and covers all the content of the specification. We have also included a number of additional resources for the benefit of students of Combined Science.

We are confident that this book will provide a valuable resource for students preparing for their examinations and the progress.
