Handling Sin Michael Malone, 1986 Middle English Literature Charles W. Dunn, Edward T. Byrnes, 2013-11-26 For the first time available in paperback this classic anthology provides readers with important literary works composed during the Middle English period 1100 1500 in England Scotland and Ireland The editors provide glosses for all unfamiliar words and obscure phrases and every selection refers to at least one definitive edition where details of recent scholarship can be found Modern punctuation and capitalization are used throughout and variant spellings are kept to a minimum to avoid unnecessary confusion The introduction discusses important literary and linguistic questions the headnotes and bibliography offer extensive guidance to secondary sources and the appendixes clarify pronunciation verb use and dialect variations

Handling Sin Michael Malone, 2001-09 Prosperous insurance agent leading citizen and forgetful husband and father Raleigh Whittier Hayes runs off to New Orleans in search of his aging and eccentric father his murky family history Confederate gold and some peace and quiet **John Mirk's Festial** Judy Ann Ford, 2006 First full analysis of John Mirk's Festial of particular importance for the evidence it offers for the debate over medieval heresy and orthodoxy Marvellously perceptive and insightful FIONA SOMERSET Duke University Written with largely uneducated rural congregations in mind John Mirk's Festial became the most popular vernacular sermon collection of late medieval England yet until relatively recently it has been neglected by scholars despite the fact that the question of popular access to the Bible undoubtedly regarded as the preserve of learned culture along with the related issue of the relative authority of written text and tradition is at the heart of both late medieval heresy and the resultant reformulation of orthodoxy It offers in fact an unparalleled opportunity to analyze the religious ideology communicated by the orthodox church to the vast majority of people in fourteenth century England the ordinary country folk This book represents the first major examination of the Festial looking in particular at the issues of popular culture and piety the oral tradition biblical and secular authority and clerical power JUDY ANN FORD is Associate Professor in the History Department of Texas A M University Commerce *Sin in Medieval and Early Modern Culture* Richard Newhauser, Susan Janet Ridyard, 2012 This volume offers a fresh consideration of role played by the enduring tradition of the seven deadly sins in Western culture showing its continuing post mediaeval influence even after the supposed turning point of the Protestant Reformation It enhances our understanding of the multiple uses and meanings of the sins tradition **The Culture of Confession from Augustine to Foucault** Chloe Taylor, 2010-05-26 This book is a genealogical study of confession Drawing on the work of Michel Foucault as well as the history of Western confessional writings from Ancient Greece to contemporary pop culture this book challenges the transhistorical and commonsense views of confession as an innate impulse resulting in the psychological liberation of the confessing subject On the contrary confessional desire is argued to be contingent and constraining and alternatives to confessional subjectivity are explored Readings in Medieval Texts David Frame Johnson, Elaine M. Treharne, 2005 Readings in Medieval Texts offers a

thorough and accessible introduction to the interpretation and criticism of a broad range of Old and Middle English canonical texts from the ninth to the fifteenth centuries The volume brings together 24 newly commissioned chapters by a leading international team of medieval scholars An introductory chapter highlights the overarching trends in the composition of English Literature in the Medieval periods and provides an overview of the textual continuities and innovations Individual chapters give detailed information about context authorship date and critical views on texts before providing fascinating and thought provoking examinations of crucial excerpts and themes This book will be invaluable for undergraduate and graduate students on all courses in Medieval Studies particularly those focusing on understanding literature and its role in society
