California. Court of Appeal (1st Appellate District). Records and Briefs California (State)., Received document entitled SUPPLEMENTAL BRIEF OF RESPONDENT *Annual Report of the State Land Department of the State of Idaho* Idaho. State Land Department, 1911 Resources in Education, 1998 *Hands-on Science and Student Achievement* Allen Ruby, 2001 This work focuses on three research questions 1 whether hands on science is positively related to student achievement as measured by standardized test scores using both multiple choice and performance tests 2 whether this relationship is stronger when using performance tests and 3 whether this relationship differs by student ability The author applies regression analysis to two data sources The primary data set is the 1994 RAND Survey of 1400 8th grade students and their teachers in Southern California which includes multiple choice and performance test scores A second data source is the nationally representative NELS 88 with a focus on the 8th grade student sample The initial findings vary by source of report student or teacher on the level of hands on science When accounting for the quality of the reports the results show an association between the level of hands on science and student test scores for both multiple choice and performance tests
