Understanding Metaphor through Corpora Katie Patterson,2018-05-11 This book introduces a unique methodology to the study of metaphor integrating a corpus linguistic approach to explore the lexical grammatical semantic and pragmatic characteristics of metaphoric instances of language The volume questions the reliability of attempts to identify metaphor based on dichotomy and drawing on data from a corpus of nineteenth century writing instead advocates for the notion that metaphoricity is context dependent and fluid in relation to the respective social and discourse contexts in which metaphors can be found The book also applies Lexical Priming Theory to metaphoric language to suggest that our use of metaphor is due to unconscious behaviors a counterpoint to perspectives that see metaphor use as part of the creative process Taken as a whole the volume calls for a deeper investigation of the complex web of meaning senses that contributes to our understanding of metaphor making this key reading for students and researchers in corpus linguistics metaphor studies lexicography semantics and pragmatics

The Flame Within: A Diwali Tale of Hope Dr. Munish Kumar Thakur, Festivals serve as a reflection of the most important ideals held by humanity they serve as a timeless reminder of these principles Diwali or the Festival of Lights is particularly notable among them due to its glowing symbolism Diwali an expression of hope rebirth and the enduring power of the human spirit is a celebration of light triumphing over darkness that has its roots in the Indian cultural and spiritual tradition The Flame Within A Diwali Tale of Hope is a book that was inspired by the desire to distil the spirit of the festival and investigate the ways in which its themes speak to both the lives of the individual and the larger society This story is timeless and relevant at the same time It illustrates how each person s inner light can shine brightest in times of adversity by weaving together stories of personal struggle courage and renewal On the other hand it provides a more in depth analysis of the shared difficulties we confront in a world that is becoming more and more divided where values like compassion inclusivity and harmony are frequently overshadowed by fear uncertainty and conflict The book shows how times of individual awakening and communal hope can be expressed through a narrative arc that reflects the Diwali journey Finally I invite you to read this anthology with an open heart to consider how its themes resonate within your own life and to recognize that the flame of hope burns brightest when it is shared
