Afghanistan P. F. Walker, 1881 This book is a brief history of Afghanistan and its relations with the British Empire It was published in London in 1881 as Parliament and the British public were debating policy toward Afghanistan in the aftermath of the Second Anglo Afghan War which was fought between 1878 and 1880 The author Philip Francis Walker was a London barrister who had recently served with the British army in Afghanistan and the book contains vivid accounts of fierce fighting with the Afghans In a typical passage Walker describes the Afghan tribesmen as being in great strength fighting very courageously and being well led The most interesting aspect of the book is the summary in the concluding pages of the debate underway in Britain about future policy toward Afghanistan According to Walker three main plans were under discussion 1st That we should annex the whole country including Herat 2nd That we should settle some chief or chiefs in the country as securely as possible and ourselves retire behind the scientific frontier with or without Candahar 3rd That we should evacuate most of the country and continue to hold almost the same frontier between British India and Afghanistan as hitherto Walker generally favored the second option but the third was in fact followed by the Liberal government of Prime Minister William Gladstone

The Perfect Match Chris Walkowicz, 2008-05-05 This book is a must for anyone considering a canine addition to the family Nearly 150 breeds are presented with a full photo for each and a complete checklist including personality and physical characteristics as well as both positive and negative attributes Never before has there been such depth of truth and authority collected in one comprehensive volume
