Eleven Days

**New York (State). Legislature.
Assembly**

Eleven Days:

Eleven Days in August Matthew Cobb, 2013-04-11 I had thought that for me there could never again be any elation in war But I had reckoned without the liberation of Paris I had reckoned without remembering that I might be a part of that richly historic day We were in Paris on the first day one of the great days of all time Ernie Pyle US war correspondent The liberation of Paris was a momentous point in twentieth century history yet it is now largely forgotten outside France Eleven Days in August is a pulsating hour by hour reconstruction of these tumultuous events that shaped the final phase of the war and the future of France told with the pace of a thriller While examining the conflicting national and international interests that played out in the bloody street fighting it tells of how in eleven dramatic days people lived fought and died in the most beautiful city in the world Based largely on unpublished archive material including secret conversations coded messages diaries and eyewitness accounts Eleven Days in August shows how these August days were experienced in very different ways by ordinary Parisians Resistance fighters French collaborators rank and file German soldiers Allied and French spies the Allied and German High Commands Above all it shows that while the liberation of Paris may be attributed to the audacity of the Resistance the weakness of the Germans and the strength of the Allies the key to it all was the Parisians who by turn built street barricades and sunbathed on the banks of the Seine who fought the Germans and simply tried to survive until the Germans finally surrendered in a billiard room at the Prefecture of Police One of the most iconic moments in the history of the twentieth century had come to a close and the face of Paris would never be the same again *Report Oregon*.
