Out of Darkness Cindy Watson,2017-03-30 From the moment three year old Jeff Healey first laid a guitar across his lap in what was to become his signature style it was clear he was no ordinary kid Losing both eyes to retinoblastoma a rare form of cancer opened a door to another world for Jeff a newly adopted infant Out of darkness he created music becoming one of the most influential blues rock and jazz performers of our time beginning with his first hit album See the Light In this up close and personal account loaded with never before seen photographs memorabilia and intimate recollections of family friends and fellow musicians we discover this unique music icon s dynamic career which saw him collaborate with everyone from George Harrison and Eric Clapton to B B King and Stevie Ray Vaughan From Jeff s lonely start one snowy night at St Joseph s Hospital in Toronto to his untimely end in the same building we come away with a potent message of empowerment and a renewed sense of hope

MGA David Knowles,2019-08-30 The MGA truly marked a revolution in MG sports car design with its appearance quite unlike any previous production car from the celebrated British marque Entering production in the summer of 1955 it broke with the time honoured tradition of narrow gutted flat sides upright styling with the distinctive large grille exposed headlamps separate wings and sharply cut off tail that had serviced the majority of MG sports cars for well over thirty years Many die hard MG enthusiasts of the time were understandably outraged but the decision to break with tradition proved to be a good one over 100 000 cars were produced over the model s seven year lifetime This book from celebrated author David Knowles covers the circumstances that led to the momentous decision to make such a fundamental design change the production publicity and evolution of each and every MGA variant from launch in 1955 to the end of production in 1962 with specification tables for each model profiles of the people who had crucial roles in the development of the MGA and finally the largely untold story of overseas assembly in Australia Ireland Mexico and South Africa It offers comprehensive coverage of racing and rallying in Europe including the MGA entries at Sebring Twelve Hour race and where many of the cars ended up and will be of great interest to all motoring enthusiasts and those particularly interested in MG It is extensively illustrated with 200 colour and 300 black white photographs much of it

Hauntology Katy Shaw, 2018-04-16 Post millennial writings function as a useful prism through which we can understand contemporary English culture and its compulsion to revisit the immediate past. The critical practice of hauntology turns to the past in order to make sense of the present to understand how we got to this place and how to build a better future. Since the Year 2000 popular culture has been inundated with representations of those who occupy a space between being and non-being and defy ontological criteria. This Pivot explores a range of contemporary English literatures from the poetry of Simon Armitage and the drama of Jez Butterworth to the fiction of Zadie Smith and the stories of David Peace that collectively unite to represent a twenty-first century world full of specters, reminiscence, and representations of spectral encounters. These specters become visible and significant as they interact with a range of social, political, and economic discourses that continue to speak to the contemporary period. The enduring fascination with the spectral offers valuable insights into a contemporary English culture in which spectral manifestations signal towards larger social anxieties as well as to specific historical events and recurrent cultural preoccupations. The specter confronts the contemporary with the necessity of participation, encouraging the realisation that we must engage with it in order to create meaning. Narrative agency is the primary motivating force of its return, and the repetition of the specter functions to highlight new meanings and perspectives. Harnessing hauntology as a lens through which to consider the specters haunting twenty-first century English writings, this Pivot examines the emergence of a vein of hauntological literature that profiles the pervasive presence of the past in our new millennium.
