Focus on First Certificate Sue O'Connell,1993 **Focus on** Sue O'Connell,1993 **Focus on First Certificate** Sue O'Connell,1996 Applied Linguistics in Language Education Steven McDonough,2017-07-05 Applied Linguistics for Language Education covers those areas of applied language study that are most directly relevant to language teaching testing and teacher education It focuses on the fundamental questions raised for research by the practice of language teaching and research The reader is thus introduced to the current research climate through consideration of germane controversial issues If any conclusion about applied linguistic research in the last twenty years is possible it is that we cannot take anything for granted Steven McDonough opens with examples of language teaching materials and learning a foreign language which teachers and language learners will recognise drawing out questions from these which are addressed throughout the rest of the text Arguments and data from research of all kinds are brought to bear on these and other background issues that are raised for example the nature and effects of classroom discourse the challenges and utility of linguistic theory and linguistic descriptions what knowing a second language means for proficiency and for processing nature and nurture in second language learning how people process language in classrooms and beyond the role of instruction and the roles of teachers and measuring achievement Complex issues are laid out in a clear and accessible style and many

examples are used mainly but not exclusively from English and learning English as a second language However the principles apply to learning or teaching any language as a second or foreign language and Applied Linguistics for Language Education is the most concise overview of current linguistics presently available
