**Granville Sharp's Canon and Its Kin** Daniel B. *What the Bible Actually Teaches on Women* Kevin Giles, 2018-10-19 Kevin Giles has been writing on women in the Bible

for over forty years In this book *What the Bible Actually Teaches on Women* he gives the most comprehensive account to date of the competing conclusions to this question and the issues surrounding it To understand the bitter and divisive debate among evangelicals over the status and ministry of women it needs to be understood that those who since 1990 have called themselves complementarians argue that in creation before the fall God set the man over the woman Thus the leadership of the man and the subordination of the woman in the home the church and wherever possible in the world the whole creation is the God given ideal that is pleasing to God It is this theology that Kevin Giles deconstructs and shows to be without a biblical foundation Giles shows that he is fully conversant with the complementarian position and yet is unpersuaded by it He sees it as an appeal to the Bible to preserve male privilege similar to the appeals to the Bible to validate slavery and Apartheid appeals to the Bible made by some of the best Reformed and evangelical biblical scholars and now seen to be special pleading Carefully studying the limited number of texts on which complementarians predicate their theology of the sexes Giles finds not one of them actually teaches what complementarians claim Furthermore complementarians too often ignore the texts that are very difficult for them In this book the ordination of women gets only passing mention The constant focus is on whether or not the Bible subordinates women to men as an abiding theological principle [Invitation to Biblical Interpretation, 2nd ed.](#) Andreas Köstenberger,2021-02-23 An authoritative guide to accurately interpreting and applying God's Word In this second edition of *Invitation to Biblical Interpretation* Andreas Kostenberger leads the reader step by step through the process of interpreting and applying God's Word The primary principle is the hermeneutical triad which consists of history literature and theology Readers are equipped to explore the historical background of a biblical passage analyze its literary genre and features and derive its theological meaning in light of the biblical canon Numerous examples are provided throughout to illustrate the concepts A concluding chapter provides direction on practical application preaching and helpful tools for Bible study Additional features include key words and definitions at the end of each chapter study questions and practical exercises for applying the material An appendix lists numerous resources for Bible study including recommended commentaries for every book of the Bible The second edition updates these resources as well as the sources cited throughout and includes a revised chapter on the Old Testament canon Instructors students pastors and anyone who desires to interpret Scripture accurately will find this volume to be an indispensable addition to their library **Scripture as Communication** Jeannine K. Brown,2021-07-20 Jeannine Brown a seasoned teacher of biblical interpretation believes that communication is at the heart of what happens when we open the Bible We are actively engaging God in a conversation that can be life changing In this guide to the theory and practice of biblical hermeneutics Brown emphasizes the communicative nature of Scripture proposing a communication model as an effective approach to interpreting the Bible The new edition of this successful textbook has been revised and updated to interact with recent advances in interpretive theory and practice [The Humility and Glory of the Lamb](#) Jeffrey R. Dickson,2018-09-13 Although the Apostle John endorses Lamb twenty nine times in his

Apocalypse and employs a term that is used only one other time in the New Testament to this end this unique title and its sophisticated christological implications has only received cursory attention both historically and more recently Even then incomplete monochromatic interpretations of the unique verbiage John employs to describe Christ are reached After identifying this clearing that exists in the christological forest this book reaches a robust understanding of Revelation s Lamb by means of a contextual grammatical canonical historical hermeneutic Ultimately this monograph concludes that the apostle s use of Lamb throughout his Apocalypse promotes a multifaceted christological presentation of John s protagonist that is dependent on the paradoxical theme of glory in humility a theme that is introduced when the Lamb first emerges in Revelation 5 and is then reiterated every time the title is used thereafter In so doing this work offers students and scholars alike a better understanding of who is coming in the end and what this means for the church at present
