## **Fate Gate:**

**Contemplations** John O'Loughlin, 2022-03-19 There are three books of abstract poems in this unusual project which might better be described as word art and they are of a character that defies intellectual intelligibility and invites a certain contemplative frame of mind more conducive to spirituality and hence to self transcendence meaning in this instance the transcendence of that fulcrum of intellect the ego In that sense these poems are profoundly anti literary and correspondingly closer to the true spirit of art

**Fate's Warriors Trilogy** J.C. Diem, This book contains the complete trilogy of the Fate's Warriors series Note This series contains characters from the Mortis Shifter Squad and Hellscourge series but it can be read as a standalone series God of Mischief Locked in a never ending battle for supremacy the balance between good and evil is approaching a climax that will determine the destiny of every living being Advocate for Order Fate has chosen three warriors to face the agent of Chaos Loki Torn from their worlds Natalie Lexi and Violet will embark on a multi dimensional mission Their task is far more than just to save their own version of Earth This time the stakes are much higher Seeking revenge for being banished from Asgard Loki has found some unlikely allies to assist him Once he has defeated Odin and his army he will turn his attention to Earth With seven billion slaves to command nothing will stop him from achieving what he has always craved ultimate power Fate isn't going to make conquering Earth easy for Loki She uses her well honed manipulation skills to try to sway him from the dark path he's chosen Bianca Caldwell a helpless mortal who knows nothing about Gods or monsters will be drawn into the maelstrom with no hope of escape God of Mayhem The Shifter Squad is called back into action as Lexi Natalie and Violet travel to the next dimension in search of their target Lexi's world comes under threat from the very being who created shapeshifters so long ago Again Loki has allied himself with the Grimgorg but this time he has new monsters at his beck and call Loki on the Alpha World continues to strive to keep Bianca Caldwell safe as Fate had instructed him The girl is an unwanted burden that he wishes he could foist off onto someone else Instead he is stuck with her and his very future could depend on keeping her alive Lexi and her team must once again step up to save their world but their version of Loki has tricks at his disposal that will make things very difficult for them They must rely on the two warriors from other realities to help them defeat their enemies Fate chose them for a reason and they have to trust that neither of them will buckle under the pressure God of Malice Violet's world has only recently recovered from being invaded but it is now about to be subjected to an attack by aliens Her angelic and human friends will need to step up once again to save their planet They will be instrumental in helping Hellscourge and her fellow warriors save humanity from enslavement Bianca has felt like a pawn ever since she fell into Loki's arms When Fate contacts her directly and gives her a task she realizes her hunch is correct Her mission is monumental and she isn't sure that she can pull it off For the sake of humanity she has to do the impossible change the mind of a god Violet's version of Loki has allied himself with creatures who are even more sly and treacherous than he is His choice of partners will prove to be more of a danger than he'd anticipated but he'd never expected

the peril would be to himself      **Contemplative Abstracts** John O'Loughlin,2022-03-10 CONTEMPLATIVE ABSTRACTS is the logical sequel to Abstracts 1983 which being readerly or capable of being read was non contemplative and therefore a precondition of abstract poems that require only to be contemplated since effectively a species of word art The five books in this project represent different stages in John O Loughlin s development of a non readerly or contemplative style of poetic composition and have also been published separately under the headings Contemplations 1985 Supercontemplations 1993 and Ultracontemplations 1994 the first of these being in three books and therefore containing the greater percentage of the material now available in one volume as the collected contemplative abstract poems      *Scholar Boxer* Chang Naizhou,2005-07-07 Master Ch ng known as the scholar boxer lived and practiced in H n n province at the center of Chinese culture and martial arts near the Sh ol n Temple and legendary Lu y ng His extensive writings reflect many of the ideas even the phraseology now familiar from classic Tai Chi Chuan texts Chinese language authority Marnix Wells traveled to Ch ng s village where the master s family carries on his tradition of Ch ng boxing This resulting study of Chang s life and teachings reveals the true origins of today s internal martial arts      *Minus: The Complete Series* Odette C.
