Jesus and the Father Kevin N. Giles, 2009-08-30 The doctrine of the Trinity is one of the cornerstones of Christianity In *Jesus and the Father* Kevin Giles wrestles with questions about the Trinity that are dividing the evangelical community What is the error called subordinationism Is the Son eternally subordinated to the Father in function Are the Father and the Son divided or undivided in power and authority Is the Father Son Spirit relationship ordered hierarchical or horizontal How should the Father and the Son be differentiated to avoid the errors of modalism and subordinationism What is the relationship between the so called economic Trinity and the immanent Trinity Does the Father Son relationship in the Trinity prescribe male female relationships in the home and the church Kevin Giles points out serious problems in the teaching that the Son is eternally subordinated to the Father and argues effectively for the full eternal equality within the Trinity This book should be read by all who wrestle with the complex but crucial doctrine of the Trinity

Millard Erickson author *Christian Theology* By showing that subordinationism is a revival of a heresy that was systematically rejected by the non Arian Church the author reinstates the classical orthodox doctrine of the Trinity in all its scriptural majesty and grandeur

Gilbert Bilezikian professor emeritus Wheaton College Giles skillfully places before us the stark choice which each generation of theologians must face will we allow the Bible to speak its message about the Father Son and Holy Spirit to us or will we use the Bible to advance our own agenda This important book deserves to be widely read and carefully considered

R.A. Torrey, 1897 A Dictionary of Hymnology John Julian, 1892 What Makes A Good Father Roger Turner, 2021-01-09 A colleague of mine recently exclaimed too many men are just guessing at what fatherhood should be like She went on to note that after twenty five years and eight children her husband had finally found what it meant to be a good father He had a late start she d said Because as a young boy he d had a distant unloving relationship with his father So initially in their marriage he had been a good provider but fell short of being a good father He seemed unable to express the caring and helpful modeling characteristic of such a father Then my husband had a spiritual awakening which eventually brought him into association with men who had experience being raised and loved by good fathers Overnight my husband seemed to change Even the relationship with his own father greatly improved she said Still the failure of my husband to have had a bonding father son relationship early in his life has left some distance between them This is the burden of not having been raised by a good father My colleague s early frustration is understandable and it highlights the issue facing many American families today It is the need for more good fathers to help guide and emotionally equip their sons to reach toward manhood and to thrive Without such fathers our ability to sustain the traditional nuclear family is threatened Too many sons and daughters are being raised without the emotional and moral guidance they need from their fathers This book is based upon the experiences of countless fathers some very good and some not so good And it is designed to offer suggestions to all fathers young and old on how to avoid mistakes in the father son relationship and thereby to become even better fathers

Rewriting Cultural Psychology David Y. F. Ho, 2019-10-15 This volume is addressed to scholars as well as a popular audience aimed to bridge the gap between academia and the general public It deals with who we are concerning our sense of self and identity and how we live concerning our ways of life in diverse cultures It affirms that we may transcend our cultural ethnic roots and redefine our identities individual or collective Transcendence opens the door not only to personal transformation but also to confront ethnic stereotypes and prejudices Readers will gain fresh cultural knowledge from both the East and the West and be attuned to the theme of letting no ethnic group be alien to us This book is at once about the immersion of life in culture and the remaking of culture by human action reciprocal influence at work The idea of immersion underscores the powerful cultural forces that shape our perceptions thinking and emotions Unlike other cultural psychology texts this volume dwells on the accelerating alterations of culture by human action and hence the remaking of our own being in the age of the Internet In the author s own words I write with the passion of a person who has lived life from being marginal neither Eastern nor Western to being a world citizen turned to English like a duck to the water thus circumventing my handicap of Chinese orthographic dyslexia I have two cultural parents one Chinese and one Western who transformed me into a thoroughly bilingual bicultural person empowered to build intercultural bridges The East is rising and the West can ill afford to remain ignorant of the East
