Generación Quemada:

Generación quemada David Foster Wallace, George Saunders, 2005 Sin duda la literatura americana es la que ha cultivado con más éxito el relato breve a lo largo de todo el siglo XX y los autores reunidos en esta antología confirman que esa superioridad se mantiene en los albores del siglo XXI Como se ve en la obra de Zadie Smith dos son las preocupaciones básicas que crean el vínculo de unión en todas estas narraciones por otro lado tan variadas y diferentes la primera es el miedo a la muerte y la segunda la publicidad Ambas íntimamente ligadas La muerte nos priva del cuerpo de la conciencia pero existe una segunda muerte que se analiza en estos relatos con mayor apasionamiento a la muerte de la autenticidad La publicidad acecha en estas historias como una encarnación del mal en el mundo algo que reemplaza la voz humana por textos publicitarios A esto hay que añadir sin duda alguna el sentido del humor otra de las características comunes de esta antología sentido del humor que roza en ocasiones la ferocidad Esta pues una asombrosa colección de relatos que pone de manifiesto la extraordinaria riqueza del panorama actual de la narrativa estadounidense y su heterogeneidad Relatos que forman un coro melancólico El coro de una generación quemada *No puedo más* Anne H. Petersen, 2021-09-20 Un análisis incendiario del agotamiento en los millennials los cambios socioculturales que lo provocan las presiones que lo sustentan y la necesidad urgente de un cambio drástico Tu vida es una lista interminable de tareas pendientes Te encuentras navegando sin pensar por Instagram porque estás demasiado cansado para leer un libro Bienvenidos a la cultura del agotamiento La escritora de cultura y exacabadora Anne Helen Petersen sostiene que el agotamiento es una característica definitoria de la generación millennial que nace de la desconfianza en las instituciones que nos han fallado las expectativas poco realistas del trabajo moderno y un fuerte repunte de ansiedad y desesperanza exacerbados por la presión constante de desempeñar nuestras vidas en las redes Basado en un artículo viral de Petersen en BuzzFeed que ha acumulado más de siete millones de lecturas desde su publicación *No puedo más* examina cómo el agotamiento afecta a la forma en que trabajamos criamos y socializamos **Arcadia**, 2006-05

This study examines the fiction of contemporary American author George Saunders in terms of how it presents situations applicable to the chief notions of posthumanist ethics and how these conceptions concern nonhuman animals which are prevalent in his writing Posthumanist ethics can help us understand what is at play in Saunders s fiction Meanwhile his texts can help us understand what is at stake in posthumanist ethics This interdisciplinary project may be beneficial both to conceiving new notions of ethics that are more inclusive and more implicitly to understanding the relevance of Saunders s fiction to the current American sociocultural climate *Comontalebú* Pablo López Romano,2024-07-16
