Francis E. Gigot, 2017-06-20 Excerpt from General Introduction to the Study of the Holy Scriptures The present volume is not an altogether new work As stated in the title page it is an abridged edition of the larger volume on General Introduction which the present writer published a few years ago Although this larger work was well received by the public as proved by the fact that its third edition is nearly exhausted professors of Holy Scripture often expressed the wish that a shorter form of it could be issued An abridged edition it was argued would enable students to cover more easily the ground of General Introduction within the short space of time at their disposal while the unabridged work would prove to them a valuable book of reference and continue to be useful to priests on the mission and to readers generally It was also supposed that in its shorter form the General Introduction would be welcome as a text book in colleges and other institutions where the larger work had but little chance to be adopted It is for these and similar reasons that the present edition has been prepared About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
