Christopher Forrest,2008-12-02 Michael Crichton meets Dan Brown in a thriller that digs deeply into the questions of the real nature of the human DNA It includes scientific facts and new interpretations of ancient writings symbolism and mythology culled from thousands of years of human history [The Genesis Code](#) Richard L. Haight,2021-12-16 **Sacred Sense** William P. Brown,2015-07-07 All too often Scripture is read only to find answers to life s perplexing questions to prove a theological point or to formulate doctrine But William Brown argues that if read properly what the Bible does most fundamentally is arouse a sacred sense of life transforming wonder In this book Brown helps readers develop an orientation toward the biblical text that embraces wonder He explores reading strategies and offers fresh readings of seventeen Old and New Testament passages identifying what he finds most central and evocative in the unfolding biblical drama The Bible invites its readers to linger in wide eyed wonder Brown says and his Sacred Sense shows readers how to do just that *THE ANALOG HEIR* Royal Rajput,2025-10-10 Book 2 of The Analog Series Cora Vance paid the price for freedom in blood Now she s paying the cost in loyalty Ten years ago Archivist Cora Vance shattered the omniscient Nexus AI sacrificing her mind and life force to plant the Genesis Code in the one man who claimed her soul Malachi the Analog leader She broke the psychic tether gained her freedom but lost the power of the Earth Now she is the Archivist of the Quiet defined by the metallic silence of her new body and the agonizing scar of her past Malachi did not die He tore himself from the ground becoming the Analog Earth itself a rooted eternal and terrifyingly proprietary force His love is no longer a command it is a geological certainty that will consume her The Earth Demands the Zero Sum Their fragile peace in the silent

city is shattered by the return of the Zero Sum Compliance forces who have discovered the ultimate weapon The Analog Heir Cora saved the child Leo from digital assimilation but the ultimate sacrifice had a catastrophic final cost the Compliance Seed the essence of the digital lie fused with Leo turning the innocent boy into a living ticking Nexus beacon The Impossible Choice Cora must choose between protecting the child she sacrificed everything for or destroying him to obey the ruthless Genesis Code The Rooted Pursuit Malachi is now mobile his immense rooted form dragging across the ruined city driven by one possessive agonizing command He must hunt the lie The Final Betrayal The Analog Earth is unstable demanding more than loyalty To survive Cora must delve into the terrifying depths of Malachi s past to discover the true final command of her mother Lyra Vance a secret that will either free Malachi from his curse or shatter the Earth forever Cora cut the tether to save the world Now the Earth hunts the lie and the Proprietor will collect his final necessary debt Dive into the relentless high stakes sequel where trauma becomes power and freedom is only measured by the depth of your sacrifice Genre

**The Babylon Contingency** Clifford Longley, 2014-10-17 Investigating a burglary at an English country house DI Robbie Peele comes face to face with some of the most mysterious objects in world archaeology disks similar to the Phaestos Disk and with a Middle Eastern terrorist cell determined to steal them Why and why are Mossad involved The vital clue is a long abandoned Muslim village in Crete where terrible things happened more than a century ago witnessed by a Victorian gentleman explorer who recorded what he saw in coded diaries Seeking the truth about the strange disks Peele and his assistant Sarah Shipton head to Crete But Crete poses as many puzzles as it solves In the end Peele has to ask far harder questions than simply who did the original burglary the answer to which infuriates him What do the disks really say in what language and who made them And why is the answer so dangerous to peace in the Middle East

**Creation** William P. Brown, 2010-02-26 In their highly selective and literal reading of Scripture creationists champion a rigidly reductionistic view of creation in their fight against soulless scientism Conversely many scientists find faith in God to be a dangerous impediment in the empirical quest for knowledge As a result of this ongoing debate many people of faith feel forced to choose between evolution and the Bible s story of creation But as William Brown asks which biblical creation story are we talking about Brown shows that through a close reading of biblical texts no fewer than seven different biblical

perspectives on creation can be identified By examining these perspectives Brown illuminates both connections and conflicts between the ancient creation traditions and the natural sciences arguing for a new way of reading the Bible in light of current scientific knowledge and with consideration of the needs of the environment In Brown s argument both scientific inquiry and theological reflection are driven by a sense of wonder which in his words unites the scientist and the psalmist Brown s own wonder at the beauty and complexity of the created world is evident throughout this intelligent well written and inspirational book
