The Golden Book on Writing David Lambuth,1976-01 A handbook on the use of grammar including chapters on business English and letter writing **The Golden Book on Writing, Containing On Writing** David Lambuth,1963

Writing the Northland Barbara Stefanie Giehmann,2011 **The Golden Book Magazine** ,1929 GO FOR GOLD
With Your Writing Ifeoma Okoye,2016-12-28 GO FOR GOLD With Your Writing shows you how to write gold winning sentences sentences that are error free clear concise varied and mature The book shows you step by step how to construct basic sentences which form the backbone of all sentences and how to expand basic sentences by modification subordination and coordination thereby turning them into the kind of sentences that mature writers use in their writing *Writing the History of Mount Lebanon* Mouannes Hojairi,2021-10-05 A meticulous deconstruction of Maronite history writing and the ways in which Lebanese nationalist myths have been invented and perpetuated by historians As a frequently contested territory Mount Lebanon has an equally contested history one that is produced shaped and revised by as many players as those who molded the Lebanese state since its inception in 1920 The Lebanese Maronite Church has had more at stake in the process of history writing than any other group or institution It is arguably one of the most influential institutions in Lebanese history and definitely the most influential institution in the country at the moment of the state s birth *Writing the History of Mount Lebanon* traces the genealogy of Maronite identity by examining the historical traditions that shaped its contemporary manifestation It explores the presence of a tradition in Maronite Church historiography that was maintained by the historians of the Church whose claims and hypotheses ultimately defined the communal identity of the Maronites in Mount Lebanon and deeply influenced subsequent Lebanese national identity Rooted in a reexamination of the existing literature and bringing evidence to bear on this particular aspect of history writing in Lebanon it shows how early Maronite ecclesiastic historiography s plea for inclusion as a part of Catholic orthodoxy was transformed and recast in subsequent centuries by lay and secular historians into a demand for exclusion and exclusivity which in turn led to the rise of exclusivist political identities based on sectarian belonging in Mount Lebanon Ultimately Mouannes Hojairi shows how history writing is one of the main instruments in generating and perpetuating nationalist ideologies and how historians are central agents of nationality Writing the Trail Deborah Lawrence,2009-11 For a long time the American West was mainly identified with white masculinity but as more women s narratives of westward expansion came to light scholars revised purely patriarchal interpretations *Writing the Trail* continues in this vein by providing a comparative literary analysis of five frontier narratives Susan Magoffin s *Down the Santa Fe Trail and into Mexico* Sarah Royce s *A Frontier Lady* Louise Clappe s *The Shirley Letters* Eliza Farnham s *California In doors and Out* and Lydia Spencer Lane s *I Married a Soldier* to explore the ways in which women s responses to the western environment differed from men s Throughout their very different journeys from an eighteen year old bride and self styled wandering princess on the Santa Fe Trail to the mining camps of northern California

to garrison life in the Southwest these women moved out of their traditional positions as objects of masculine culture Initially disoriented they soon began the complex process of assimilating to a new environment changing views of power and authority and making homes in wilderness conditions Because critics tend to consider nineteenth century women s writings as confirmations of home and stability they overlook aspects of women s textualizations of themselves that are dynamic and contingent on movement through space As the narratives in *Writing the Trail* illustrate women s frontier writings depict geographical spiritual and psychological movement By tracing the journeys of Magoffin Royce Clappe Farnham and Lane readers are exposed to the subversive strength of travel writing and come to a new understanding of gender roles on the nineteenth century frontier
