Green Man Running:

Fat Man to Green Man Ira Rainey, 2013-12-09 Despite believing he was bionic as a child Ira Rainey was far from an elite athlete with superhuman running abilities like the ones he read about in books He was in fact an overweight and unfit slacker who felt a bit sorry for himself because he had sore feet Sure he ran a bit but he also sat around a lot and ate and drank too much Why Because he could and because he was a delusional optimist who thought everything would always be just fine That was until a friend was diagnosed with terminal cancer and given months to live It was an event that would push Ira to tackle his apathy towards life and take on the challenge of becoming an ultramarathon runner pushing himself to go further than he had ever gone before Award winning **Fat Man to Green Man** From Unfit to Ultramarathon is a warm and humorous account of one man's quest to uncover his true super powers as he journeys from fat to fit and taking in everything that came between the two It is a story of fields and friendships mud and maps but more importantly learning how to push yourself to achieve what you would never believe you could and how to deal with the consequences **Fat Man to Green Man** won the silver award for running books in The 2014 Running Awards an award voted for by runners Ira Rainey with **Fat Man to Green Man** was also a shortlisted finalist for New Writer of the Year in The British Sports Book Awards 2014 Ira Rainey's lifestyle transformation is an extraordinary example of what can be accomplished with passion and conviction **Fat Man to Green Man** is an inspirational story of how the seemingly impossible can come true A must read for anyone looking to make a positive change Dean Karnazes World renowned endurance athlete and NY Times bestselling author Rainey is proof that ultradistance races can be completed by middle aged mortals and not just extreme endurance athletes with a penchant for pain Men's Fitness Magazine The ending It's not what you will expect but it will see you re appraise everything in life you thought was certain We think you will be inspired and like us are certain you may lose a few tears before you reach it Running Fitness Magazine It's an inspirational tale of Ira's battle with inner demons and ill health I felt as if I was right beside him Trail Running Magazine So many things are covered here the back to back training runs the speed work I was actually a bit intimidated by how fast he can knock out a 5K the nutrition and weight loss and dealing with injury and recovery He discovered that he was not bionic but overall he was very capable of running long distances and recalling the tales very vividly James Adams Ultramarathon runner and author of *Running and Stuff* At times laugh out loud funny at others quite poignant the parts where Ira faces the impending loss of a dear friend are especially touching this book is a fun take on one man's journey to becoming an ultra runner and finding himself in the process UltrarunnerPodcast Dean Karnazes taught us about what it takes to be at the very top of ultra running wowing us in the process while Ira inspired by Dean gives us an insight of ultra running that the rest of us could aspire to *The Running Stories* [History and Development of Airline Cabin Safety](#) Fons Schaefer, 2025-03-19 *History and Development of Airline Cabin Safety* offers an understanding of how cabin safety evolved over time It covers six key areas impact protection fire protection egress potential life support equipment
