Design&culturalheritage. Archivio animato / Animated Archive Fulvio Irace, 2014-04-22 Oggetto trasversale di indagini storiche critiche tecniche e metodologiche l'archivio di architettura e di design nell'era della digitalizzazione il tema di questo volume che raccoglie analisi riflessioni e la proposta di un prototipo sperimentale di digitalizzazione I saggi di questo volume partono dall'idea condivisa che l'archivio non pu essere considerato come il campo di concentrazione di una memoria privata della sua vocazione a interloquire con il tempo presente L'archivio animato offre un possibile antidoto a questa malattia aprendo a una dimensione interattiva della conoscenza che implica l'utente come attore della sua crescita The transversal object of historical critical technical and methodological studies the archive of architecture and design in the era of digitalization is the main issue of this volume a collection of analyses reflections and a proposal for an experimental prototype The essays collected here share the idea that the archive cannot be considered a concentration camp of memory separated from its vocation to participate in the present The animated archive is one possible answer to this danger for its

possibility of opening up an interactive dimension of knowledge where the users becomes the makers of their own growth
