Guy Next Door:

The Man Next Door Ellen James, 2011-07-15 Ellen James writes with warmth wit and style I look forward to each new book Debbie Macomber Michael Turner is the man next door and he's got problems He's an ex cop turned P I who's pretending to be a writer His partner normally the most rational of women is pretending she's pregnant His eleven year old son whom he loves isn't pretending anything but then the boy's barely talking to him His father whom he loathes no pretense here is back in town And to top it all he's becoming dangerously attracted to the woman next door a woman he's been paid investigate a woman who just might be pretending that she hasn't murdered her husband

The Nice Guy Next Door

Haley Zaragoza, 2021-08-21 Sometimes love comes knocking when you least expect it Millie Parker just moved to a new town with her teen sister in tow The only romance on her agenda is what she's writing in her secret novel but sometimes romance can't be avoided Especially when your new neighbor is the insanely handsome and all around nice guy Jameson Lane He's everything a woman could want in a man but Millie doesn't want a man Not now not ever Too bad her heart didn't get the memo

Good Thinking

Denise D. Cummins, 2012-04-16 Do you know what economists mean when they refer to you as a rational agent Or why a psychologist might label your idea a creative insight Or how a philosopher could be logical but also passionate in persuading you to obey moral imperatives Or why scientists disagree about the outcomes of experiments comparing drug treatments and disease risk factors After reading this book you will know how the best and brightest thinkers judge the ways we decide argue solve problems and tell right from wrong But you will also understand why when we don't meet these standards it is not always a bad thing The answers are rooted in the way the human brain has been wired over evolutionary time to make us kinder and more generous than economists think we ought to be and more resistant to change and persuasion than scientists and scholars think we ought to be

Glad to Be Dad

Tim J. Myers, 2013-05-01 After staying home with his two sons for a year and his daughter since her infancy Tim Myers knows all about being a stay at home parent He knows the most effective cleaning products which snacks to buy and has developed a housemaid's knee He has experienced first hand the profound influence fathers have on their children along with the challenges of being a committed parent By recounting personal experiences offering honest sincere opinions and including quizzes for fatherly preparedness Tim Myers emphasizes the importance of fatherly contribution and influence in the home He shows fathers that they are not only vital to home life but that fatherhood also brings great joy into men's lives not to mention a surprising amount of plain old fun In addition Myers details the essential role of fathers and the very real and sometimes frustrating transition into taking an active role in home life Poignant funny and inspiring Glad to be Dad is perfect for both aspiring fathers and seasoned veterans
