Walker, 2011-11-22 Recounts the story from World War I in which two towns were leveled and almost two thousand people killed following the collision of two warships in Halifax Harbour and a blizzard that dumped over a foot of snow in the area      *Miracles and Mysteries* Mary Ann Morrison Monnon, 1977-01-01      [The Halifax Explosion](#) Ken Cuthbertson, 2017-11-07 On December 6 1917 the French munitions ship Mont Blanc and the Norwegian war relief vessel Imo collided in the harbour at Halifax Nova Scotia That accident sparked a fire and an apocalyptic explosion that was the largest man made blast prior to the 1945 dropping of the atomic bomb on Hiroshima Together with the killer tsunami that followed the explosion devastated the entire city in the wink of an eye and instantly killed more than two thousand people While much has been written about the disaster there is still more to the story including the investigation of the key figures involved the histories of the ships that collided and the confluence of circumstances that brought these two vessels together to touch off one of the most tragic man made disasters of the

twentieth century The Halifax Explosion is a fresh revealing account that finally answers questions that have lingered for a century Was the explosion a disaster triggered by simple human error Was it caused by the negligence of the ships pilots or captains Was it the result of shortcomings in harbour practices and protocols Or was the blast as many people at the time insisted the result of sabotage carried out by wartime German agents December 6 2017 marks the centennial of the great Halifax explosion The Halifax Explosion tells the gripping as yet untold story of Canada s worst disaster a haunting tale of survival incredible courage and ultimately the triumph of the human spirit Shattered City Janet Kitz,2010-09-01 This chronicle of the 1917 Halifax Explosion presents a vivid account of the historic tragedy and the relief and rebuilding efforts that followed On December 6th 1917 the French cargo ship SS Mont Blanc collided with the Norwegian vessel SS Imo in the Narrows that lead into Halifax Harbor The Mont Blanc was carrying a shipment of explosives from New York ultimately bound for Bordeaux France A fire onboard ignited the cargo causing a blast that obliterated everything within a half mile radius The Richmond district of Halifax was destroyed A tsunami created by the blast washed the Imo ashore and wiped out a Mi kmaq community Shattered City is the most comprehensive book on the Halifax Explosion detailing the event the aftermath and the restoration It encompasses dozens of previously unpublished stories photographs and documents along with some thought provoking coverage of the inquiry into the disaster **The Halifax Disaster, December 6, 1917** Ernest Fraser Robinson,1997 Bearing Witness Michael Dupuis,2017-06-27T00:00:00Z At approximately 8 45 a m on 6 December 1917 the Belgian Relief vessel IMO struck the munitions laden freighter Mont Blanc in Halifax Harbour The Mont Blanc exploded in a devastating 2 9 kiloton blast which killed 2 000 people and injured 9 000 More than 6 000 people were made homeless and an additional 12 000 were left without shelter Bearing Witness tells the story of the Explosion and the catastrophic damage it caused through the eyes and words of more than two dozen journalists and record keepers who experienced it first hand Their accounts reveal a unique perspective offering new detail about the tragedy and providing insight into the individuals who struggled to articulate the magnitude of the shocking event to the rest of the world In addition to the original work by journalists and record keepers Michael Dupuis provides over 30 photographs and illustrations several previously unseen and a detailed timeline of journalistic activities from the time of the Explosion on December 6 to December 16 *The Great Halifax Explosion, Dec. 6, 1917* Joan Horwood,1976 *Curse of The Narrows* Laura M. MacDonald,2006-11-14 Traces the 1917 disaster in Nova Scotia during which a collided and grounded ship exploded and devastated the city under circumstances that would later be studied for the making of the atomic bomb in an account that also describes the subsequent relief mission and trial of the ship s captain Reprint *Explosion in Halifax Harbour, 1917* Dan Soucoup,2017-10-30 A riveting account of the collision of two ships and the worst human caused explosion in history before Hiroshima with dozens of photos and illustrations In late 1917 one of the greatest natural harbors in the world was humming with excitement Halifax Harbor was filled with naval convoys and merchant vessels while factories

worked overtime in support of the Allied war effort in Europe But on December 6 Canada s worst disaster struck as two ships one carrying high explosives collided The resulting blast killed and injured thousands razing the city s North End and destroying nearly everything in its path This history is an account of tremendous human suffering and devastation yet also of human bravery and survival against all odds Chaos and confusion reigned that day in Halifax and Dartmouth Nova Scotia but what followed was a massive relief effort involving charitable assistance from all over the globe especially Massachusetts Explosion in Halifax Harbour 1917 includes a detailed account of the event chronicling many remarkable human tragedies rescue and relief efforts attempts to place blame for the collision and the reconstruction program that created Canada s first government assisted housing program Also included are 60 full color images as well as sidebars on many monuments and commemorations that pay tribute to this catastrophic event Begins with a history of Halifax and its harbor and how important it was for the war effort in Europe while there were countless acts of heroism Soucoup writes there were also acts of looting and profiteering The Star **Halifax. 09:06. December 6, 1917** Graham Metson,1977 [Halifax, 09:06, December 6, 1917 \[kit\] : a Photo-documentation of the Halifax Explosion](#) West House Museum,1977 *Curse of the Narrows* Laura M. Mac Donald,2009-05-26 In 1917 the port of Halifax Nova Scotia was crowded with ships leaving for war torn Europe On December 6th two of them the Mont Blanc and the Imo collided in the Narrows a hard to navigate stretch of the harbor Ablaze and with explosions on her deck filling the sky the Mont Blanc grounded against the city s docks As thousands rushed to their windows and into the streets to watch she exploded with such force that the 3 121 tons of her iron hull vaporized in a cloud that shot up more than 2 000 feet the explosion was so unusual that Robert Oppenheimer would study its effects to predict the devastation of an atomic bomb The blast caused a giant wave that swept over parts of the city followed by a slick black rain that fell for ten minutes Much of the city was flattened and not one in 12 000 buildings within a 16 mile radius left undamaged More than 1 600 Haligonians were killed and 6 000 injured and within twenty four hours a blizzard had isolated Halifax from the world Set vividly against the background of World War I *Curse of the Narrows* is the first major account of the world s largest pre atomic explosion the epic relief mission from Boston and the riveting trial of the Mont Blanc s captain and pilot Laura M Mac Donald is as adept at describing the dynamics of a chain reaction explosion as she is at chronicling unforgettable human dramas of miraculous survival unfathomable loss and the medical breakthroughs in pediatrics and eye surgery that followed the disaster Using primary sources many of which haven t been read in decades and with a wonderful feel for narrative history Mac Donald chronicles one of the most compelling and dramatic events of the 20th century

**Breaking Disaster** Katie Ingram,2017-11-26 The rumble got louder the walls quaked as if in fear and the classroom s windows started to pulse and shake before they completely shattered showering everyone inside with glass On December 6 1917 the face of Halifax changed forever when the Imo a Belgian Relief ship collided with the French ship the Mont Blanc Shortly after 9 00 a m the Mont Blanc which was carrying a large cargo of explosives blew up It destroyed much of the city s

north end and neighbouring communities like Tuft s Cove and Dartmouth The effect was catastrophic Almost immediately aid was rushed to Halifax as survivors and workers dug through rubble and ruins for friends and family Over 2 000 people died and 9 000 were injured while countless others were rendered homeless As news broke about the explosion newspapers from Toronto to Hawaii and France to Australia scrambled to provide readers with updated information These and other stories gave face to a disaster which at the time was a mix of ever changing statistics details and questions about blame Often the reports were exaggerated and erroneous In Halifax newspapers carried lists of the injured dead and missing alongside a collection of notices and ads This strange juxtaposition showed just how quickly the explosion had happened as holiday themed advertisements mixed with notices about relief and stories of survival and death Together they present the overarching image of Halifax at the time survival and confusion while separately they show just how much impact one event had In *Breaking Disaster* Ingram traces these details and stories as she pieces together the different narratives from the week that followed December 6 1917 many of which have long faded into the larger story of the Halifax Explosion *The Coldest December* Quarter Castle Publishing, Sheila McDougall, Phil Yeats, 2017-12-06 The Halifax Explosion was the result of the SS Imo a Norwegian vessel colliding with the SS Mont Blanc a French cargo ship in the Narrows of the Halifax Harbour on the morning of Thursday December 6 1917 eleven months before the end of the First World War The Mont Blanc was carrying highly explosive picric acid benzol TNT and gun cotton The exact number of dead and injured people in Dartmouth and Halifax is unknown The cities bustled with wartime activity and many people passed through heading to one destination or another It is impossible to know if all bodies were recovered or counted In one interview from 1957 a man who helped make grave markers said more than 3 000 were needed The confirmed deaths were 1 950 There were approximate 9 000 non fatal injuries More than 25 000 people were left homeless The explosion went down in history as the largest man made explosion of its time On December 6 2017 Nova Scotia will commemorate the one hundredth anniversary of the Halifax Explosion To pay tribute to the many victims survivors and heroes who emerged from the disaster Quarter Castle Publishing has gathered a collection of original fictional short stories connected to the Explosion Stories are set immediately before it during it or in its aftermath The Nova Scotia authors who contributed stories are Sheila McDougall Phil Yeats Lawren Snodgrass Catherine A MacKenzie Polly J Brown Diane Lynn McGyver Cheryl Lynn Davis Bronwen Piper Barbara Jean Moxsom Liana Olive Quinn and Annemarie Hartnett **An Illustration by a Victim of the Halifax Explosion, December 6th, 1917** John T.
