Hms Unseen:

HMS Unseen Patrick Robinson, George Guidall, 1999 *H.M.S. Unseen* Patrick Robinson, 2000-03-01 The H M S Unseen is one of the most efficient lethal submarines ever built But suddenly on a training mission off the English coast it vanishes baffling military intelligence on both sides of the Atlantic including National Security Adviser Admiral Arnold Morgan A missing weapon is dangerous enough But then the unthinkable begins to happen Planes begin blowing up across the skies Searching for answers Morgan is convinced that only one man can be behind all these devastating events his archenemy the world s most cunning yet reportedly dead terrorist spy Determined to stop his old nemesis Morgan must use all his wits to find a madman armed with a powerful sub hidden somewhere in a million square miles of ocean What Morgan doesn t know however is that the fanatical terrorist has a plan of his own one that will bring these two intense warriors face to face and only one will come out alive in one of the most chilling spy stories of the year H.m.s. Unseen P. ROBINSON, 2001

HMS Unseen Patrick Robinson, 2001 A British submarine captured by an Iraqi terrorist proceeds to shoot down aircraft including one carrying the U S vice president No one realizes this the planes having simply disappeared When the mystery is finally solved an admiral goes after him By the author of *Nimitz Class* Hitler's Forgotten Flotillas Lawrence Paterson, 2018-04-30 A vast amount of information on the German Naval Security Fleet sicherungsstreitkr fte producing what is a unique review in depth Firetrench com This study of the Kriegsmarine s Sicherungsstreitkr fte their security forces fills a glaring gap in the study of the German navy in World War II This wide array of vessels included patrol boats minesweepers submarine hunters barrage breakers landing craft minelayers and even the riverine flotilla that patrolled the Danube as it snaked towards the Black Sea These vessels may not have provided the glamour associated with capital ships and U boats but they were crucial to the survival of the Kriegsmarine at every stage of hostilities As naval construction was unable to keep pace with the likely demand for security vessels Grossadmiral Erich Raeder turned to the conversion of merchant vessels For example trawlers were requisitioned as patrol boats Vorpostenboot and minesweepers Minensucher while freighters designated Sperrbrecher were filled with buoyant materials and sent to clear minefields Submarine hunters U Boot J ger were requisitioned fishing vessels More than 120 flotillas operated in wildly different conditions from the Arctic to the Mediterranean and eighty one men were to be awarded the Knights Cross some were still operating after the cessation of hostilities clearing German minefields The author deals with whole subject at every level documenting organizational changes describing the vessels and recounting individual actions of ships at sea while extensive appendices round off this major new work Paterson offers a well researched narrative detailing both the large scale aspect of Security Forces operations interspersed with examples of key or typical engagement examples *The International Journal of Maritime History*

In which They Served Brian Lavery, 2008 During the Second World War Britain s Royal Navy had to expand more than sevenfold in the faces of the threat of invasion enemy bombing and the need to carry out campaigns all around the world To

find officers for this force it had to move well outside its normal supply of boys trained from the age of 13 It started by recruiting yachtsmen and giving them a smattering of naval discipline before sending them to sea Then it sent possible officers into action as ordinary seamen to live a hard and dangerous life in destroyers Selected men were then given their officer training in three months in an improved seaside base at Brighton They sailed as officers in all kinds of ships including the new landing craft which would invade North Africa Italy and Normandy Those appointed to escort vessels came under the fearsome gaze of Commodore Stephenson the Terror of Tobermory before being sent out on convoy escort in the Battle of the Atlantic One of Britain's leading naval historians looks at the social background of British wartime naval recruits the training methods the personal experiences of those involved and what they had to learn to become an officer of the watch on the bridge of a warship or even the captain of a landing craft or frigate in the Second World War The book draws widely from personal experiences of those who served and presents a rich collection of wry quotes and numerous anecdotes from household names such as Alec Guinness Evelyn Waugh Nicholas Monsarrat and George Melly as we follow them through the rigours of the war at sea In *Which They Served* also has much to say on seamanship naval technology leadership and organisation

BOOK JACKET *Ghost Force* Patrick Robinson, 2009-10-13 The year is 2011 An oil hungry world is starving and Argentina with Russia's help is determined to brutally wrest the petroleum rich Falkland Islands from British hands Enraged over this brazen act of international piracy Great Britain dispatches a battle fleet to the islands for the second time in thirty years unaware that Viper K 157 a lethal Russian Akula class submarine lies in wait stuffed to the gunwales with ship killing torpedoes America cannot sit idle as hell explodes in the South Atlantic and under the stern eye of Admiral Arnold Morgan the military's most powerful weapon is unleashed to hammer Argentina into submission the U S Navy SEALs The outcome of the unforeseen war that's igniting in America's backyard ultimately depends upon her awesome ghost force and their successful execution of two remarkable clandestine missions while the consequences of failure may be too terrible to consider

The Shark Mutiny Patrick Robinson, 2009-10-13 An oil tanker mysteriously explodes in the Persian Gulf Then a second and a third To the President's National Security Adviser Admiral Arnold Morgan it is more than a tragic coincidence it is a brazen act of aggression that must not stand In partnership with Iran the Chinese navy has mined the Strait of Hormuz intending to hold the world's oil supply hostage Now eighty percent of America's active sea power is being mobilized including U S S Shark an aging nuclear submarine on its final tour of duty to dismantle a deadly alliance between two powerful enemies But something goes terribly wrong during a bold retaliatory SEAL assault on China's Indian Ocean power plants a disaster that spawns death disbelief rage and rebellion And with a volatile world on the brink of catastrophic conflict the commanders of a nuclear boat in the twilight of glory must confront a nightmare as devastating as it is unthinkable mutiny

Slider Patrick Robinson, 2009-10-13 Each summer on the fields of glorious Cape Marlin off the New England coast the nation's best college players gather to play the most important baseball of their lives Jack Faber is a young hotshot

pitcher with an unhittable slider and a rocket for a fastball He plays for the fabled Seapuit Seawolves and dreams of making the Big Show But a new coach the scowling Bruno Riazzi a former pro catcher resents the kid s celebrity status and decides to knock him down a peg or two And he stops at nothing to make it happen Humiliated Jack loses his lifelong art and with it his passion for the game as well as mysteriously his ability to throw A devastated Jack Faber is released from the St Charles College roster But the Seawolves coaches won t give up on him They bring Jack back to Cape Marlin determined to help him rediscover his lost talent He finds himself again under the summer sun coaches and old friends standing by him But in the end it will be up to Jack Based on a true story Slider celebrates the national pastime a game that can break grown men s hearts as well as make them whole again

Barracuda 945 Patrick Robinson,2009-10-13 The enemy from within Iranian born British Commando Major Ray Kerman was a rising star in the SAS until he abruptly switched loyalties while on a mission in the Middle East Fanatically determined to employ his brilliant talents and training in the destruction of those he once swore to protect he is now General Ravi Rashood leader of the world s most vicious terrorist organization and he has found his ultimate weapon Barracuda 945 A sleek and silent Russian hunter killer nuclear submarine that can fire land attack guided missiles from below the ocean s surface it is invisible to all pursuers and virtually impossible to track Yet Admiral Arnold Morgan the President s National Security Adviser must somehow marshal America s forces and hunt down this 8 000 ton nightmare of modern warfare before it unleashes its fire and death or the first target to fall will be California
