Flat File

| Relational Database | Flat File |
|---|---|
| <p>A relational database is a type of database that organizes data into one or more tables, with each table consisting of a set of rows and columns. Each table has a unique key that can be used to establish relationships with other tables.</p> | <p>A flat file, on the other hand, is a simple file that contains a single table of data, with no relationships between tables.</p> |
