## **Experiences With Invisible Realities:**

**Experiences with Invisible Realities** John Jensen, 1981      **Your Mind Is My Experience** Nwokorie Matthew, 2014-03-10 Your body is not your limitation as is generally believed by many. Limitations in life are all a product of the mind. Where you are today and where you will be tomorrow are a result of the functioning of your mind. Many have been trained or indoctrinated to believe that they are limited in life because of their physical condition. The truth is they are limited by their poor vision. Their vision of the things they can accomplish can be so limited that they see goals as impossible. Because they see things in these terms it makes them draw inspiration from only those things, thereby limiting their physical aspect of life. The human mind was created not to function with any form of limitation but because of religious, traditional, and societal beliefs not based on fact, men and women are held back from making the most of their lives. Do you want to live an unlimited life? If so, you need to have a vision that comes from God and not from men. The author was motivated to write this book because so many are being limited in their life endeavors while only a very few are in control of the wealth of this world. He states: My dream is to reveal the truth to the world about the ability of what a mind can do.      *The Journey Toward Complete Recovery* Michael Picucci, 1998-09-25 Founder of the Institute for Staged Recovery in New York City and creator of Authentic Process Therapy. Picucci is an addictions counselor who bases his methods primarily on personal experience. In this updated edition of his self-published *Complete Recovery*, Picucci describes a Stage Two recovery program for evolving beyond freedom from addictions to holism, which encompasses joy, bliss, love, empowerment, creativity, respect for all life, and peace. Picucci makes an interesting distinction between recovery from addictions and childhood traumas and recovery of fulfillment, wisdom, serenity, and emotional, spiritual, and sexual wholeness. Using a structure of 12 stations, which can be visited and revisited in any order as often as needed, he guides readers through six fundamental and six emergent modules of this process for healing the spiritual, sexual, split, and the cultural pain of oppressed minorities and ultimately achieving the shame-free presentation of self. Picucci says he offers nothing less than a re-birthing process through a combination of one-on-one psychotherapy, support groups, and spirituality. His own life experiences as a gay man, once married, now HIV positive, surviving AIDS, cancer, a heart attack, triple bypass surgery, and drug and alcohol addictions, give him a uniquely credible perspective on healing and wholeness. In his cogent, well-organized handbook, Picucci functions a bit like the gay shamans who had a special place in North American Indian tribes. His compassionate acceptance of diversity will inspire many readers to care to take the next step and seek the help they need.      **The Methodist Review**, 1927      *Experiencing and Protecting Sacred Natural Sites of Sámi and other Indigenous Peoples* Leena Heinämäki, Thora Martina Herrmann, 2017-02-24 This book focuses specifically on the experience and protection of indigenous and particularly Sámi sacred sites in the Arctic. Sacred sites are being increasingly recognized as important reservoirs of Arctic cultural and biological diversity as a means for the transmission of culture and identity and a tool for the preservation of fragile northern social-ecological systems. Yet legal

protection of Arctic sacred sites and related policies are often still lacking or absent. It becomes increasingly difficult for site custodians in the Arctic to protect these ancient sites due to disruptive changes such as climate change, economic developments, and infrastructural development. With contributions from S mi and non S mi scholars from Arctic regions, this book provides new insights into our understanding of the significance and legal protection of sacred sites for S mi of the Arctic. It examines the role of international human rights, environmental law, and longstanding customary law that uphold Arctic indigenous peoples' rights in conservation and their associated management systems. It also demonstrates the complex relationships between indigenous knowledge, cultural, spiritual values and belief systems, and nature conservation. The book looks forward to providing guidelines for future research and practice for improved integration of the ethical, cultural, and spiritual values of nature into law, policy, planning, and management. As such, this book offers a contribution to upholding the sanctity of these sites, their cultural identity, and the biodiversity associated with them.

**The Story of Life** Christopher McKeon, 2022-08-01

Creator: do you have a family said my youngest? And he answered: Thus began our healing through awareness with Mina. How we address the human person God who built our universe, the archangels, and many others in spirit world. Our explosive conversation over the next 18 hours revealed God, angels, humanity, why we are as we are, and our universe as never before imagined. Spirit mediums Christopher McKeon and his daughters Ayako and El shatter the paradigms and magical thinking handed down to us through history by religion, philosophy, mysticism, and science. Experience as we did healing of your trauma, pain, and suffering through gaining awareness of your true reality. Included are ten historical spirit persons who give short testimonies of their experiences to help explain certain aspects of our your life reality. You'll never feel the same or look at the world around you the way you did as your awareness takes flight from unawareness with new wings on new winds. Be prepared for a story of life like nothing you've ever experienced. Best of all, you'll learn how you too can talk to Mina, angels, your spirit family, and guides, and willing spirit persons to get your own answers without having to take ours on faith as a ground floor participant in the nascent worldwide energy testing community. For Mina, this book is all about healing your pain and suffering by revealing our personal and larger human reality. You'll find it all inside.

A chapter summary: Part I is a narrative of our experience discovering energy testing and our shocking meet-up with our creator. Part III describes the origin of humanity and includes the birth of humanity, who and what our creator is, how our universe came to be our home, why human life seems destructive and filled with pain and suffering.
