

The image is a collage of three photographs related to treasure hunting. The top photo shows a weathered metal box with a compass rose embossed on its lid, set against a background of a rocky, desert-like landscape. The middle photo shows a pair of sunglasses with a beaded strap lying on a sandy surface. The bottom photo shows a close-up of a metal compass rose and a silver coin with a similar compass rose design, both resting on a bed of rocks and soil. A yellow banner with the text "Treasures found in Missouri" is overlaid across the center of the collage. A yellow diagonal graphic element is also present.

The Viking King's Golden Treasure Sven Rosborn,2021-06-13 A newly discovered material rewrites early Danish Viking history In 2014 a 11 year old girl Maja Sielski and her younger sister Julia made a sensational discovery among their deceased grandmother s belongings They found a small golden plate with a Latin script telling a story of the legendary

Viking king Harald Bluetooth It soon turned out that the golden plate was once placed in the king's tomb and this tomb contained world's largest known golden treasure of Viking era A transcript of a previously completely unknown chronicle Gesta Wulinensis ecclesiae pontificum from the 990s has also been found The manuscript was written by the king's own priest Avico probably in an attempt to canonize the king after his death in year 985 Avico has been in the service of the king since the 950s His extensive account gives a remarkable and dramatic picture of the Viking age Scandinavia during the 10th century Here is a story of the struggle for power and the foundation of the future dynasties in Denmark Sweden and Norway as well as Viking raids in Ireland and England The account also tells of the founding of the legendary Viking fortress of Jomsborg and the fortress's powerful mercenaries The book describes in detail these unique facts but it also gives an overall picture of the Viking Age era for those who are not familiar with the subject

The Curmsun Disc The Curmsun Disc is a concave gold disc of a weight of 25.23 grams 0.890 oz and a diameter of 4.5 centimetres 1.8 in The Danish Viking king Harald Bluetooth and the name of the stronghold of Jomsborg is mentioned in the Latin inscription on the disc The disc was reportedly found as part of a Viking Age hoard discovered in 1841 in the cellar crypt of the ruined chapel at Gro Weckow village in Pomerania This location is just east of the bank of the river Dievenow and near the place where the semi-legendary Viking stronghold of Jomsborg stood between the 960s and 1043 According to the author the entrance to the crypt was accidentally discovered by a 12-year-old Heinrich Boldt actor Ben Affleck's said to be maternal great-great-grandfather who was playing with some younger children at a construction site near the ruined chapel

Religious Bodies Politic Anya Bernstein, 2013-11-27 *Religious Bodies Politic* examines the complex relationship between transnational religion and politics through the lens of one cosmopolitan community in Siberia Buryats who live in a semiautonomous republic within Russia with a large Buddhist population Looking at religious transformation among Buryats across changing political economies Anya Bernstein argues that under conditions of rapid social change such as those that accompanied the Russian Revolution the Cold War and the fall of the Soviet Union Buryats have used Buddhist body politics to articulate their relationship not only with the Russian state but also with the larger Buddhist world During these periods Bernstein shows certain people and their bodies became key sites through which Buryats conformed to and challenged Russian political rule She presents particular cases of these emblematic bodies dead bodies of famous monks temporary bodies of reincarnated lamas ascetic and celibate bodies of Buddhist monastics and dismembered bodies of lay disciples given as imaginary gifts to spirits to investigate the specific ways in which religion and politics have intersected Contributing to the growing literature on postsocialism and studies of sovereignty that focus on the body *Religious Bodies Politic* is a fascinating illustration of how this community employed Buddhism to adapt to key moments of political change
