

FUEL SAVING TIPS

We believe in an open window policy because air cons chow petrol

Steady does it. Driving at a steady speed, on the highest gear, saves you petrol

Unless you're looking for a song to play you don't have to warm up the engine of a Budget vehicle before driving it

Leaving things like bike racks (or friends) behind reduces weight and drag, and also helps save you petrol

We know you're revved up about your trip but just remember changing gears before reaching 3000 rpms reduces your fuel usage

Driving at under 100km/h will save you petrol... and probably a few traffic fines too

Don't blow it. Make sure your tyres are the right pressure and save fuel

Efficient Use Of Fuel
