Forgotten Mughals:

The Forgotten Mughals G. S. Cheema, 2025-10-27 A hundred and fifty years lie between the death of Aurangzeb and the final extinction of the Mughal empire In its first hundred and fifty years the empire had seen six rulers but during the next century and a half the Qila i Mualla would witness the passage of as many as eleven emperors if one leaves out the six or seven failed pretenders It was a period of violence and disorder with armies constantly on the march across a landscape of increasing misery impoverishment and de solation The Forgotten Mughals is the story of these largely pageant emperors with their increasingly ineffectual ministers and their gradual decline into irrelevance while younger and more powerful forces both Indian and foreign grappled with each other for the mastery of Hindostan The landmark events like the wars of succession the dictatorship of the Syed brothers the Nadir Shahi and Durrani invasions with their attendant horrors the bloodbath of Panipat and the final sack of Delhi in 1857 are all covered in detail The book s strength lies in its anecdotal details like that of young Muhammad Shah hiding behind the ample skirts of the formidable Sadr un Nissa superintendent of the harem and of Bidar Dil cowering in a closet while the emissaries of Qutb ul Mulk tried in vain to convince his women that they had in fact come to call him to the throne And who will believe today that as part of the retributive justice of the British for nearly twenty years the Zinat masjid in Daryaganj was used as a bakery and that the basement of the Fatehpuri mosque was sold to Seth Chuna Mall

Al-Hind: The Making of the Indo-Islamic World André Wink, 2024-04-22 The first part of the long awaited fourth volume of Andr Wink s monumental Al Hind The Making of the Indo Islamic World introduces a new perspective on the rise of the dynasty of the Great Mughals and the transition of the Indo Islamic world from the medieval to the early modern centuries Eschewing the conventional military and technological explanations the book adopts an institutional explanation that emphasizes the Central and Inner Asian post nomadic heritage of the dynasty and in the context of persistent rivalry with the Indo Afghans its successful politics of incorporation and accommodation of Muslim and non Muslim constituencies alike
