*Foundations and Limits of State Power in China* Stuart Reynolds Schram,1987      [Foundations and Limits of State Power in China](#) Stuart Reynolds Schram,1987-01-01      **Ancient China and its Enemies** Nicola Di Cosmo,2002-02-25 Relations between Inner Asian nomads and Chinese are a continuous theme throughout Chinese history By investigating the formation of nomadic cultures by analyzing the evolution of patterns of interaction along China s frontiers and by exploring how this interaction was recorded in historiography this looks at the origins of the cultural and political tensions between these two civilizations through the first millennium BC The main purpose of the book is to analyze ethnic cultural and political frontiers between nomads and Chinese in the historical contexts that led to their formation and to look at cultural perceptions of others as a function of the same historical process Based on both archaeological and textual sources this 2002 book also introduces a new methodological approach to Chinese frontier history which combines extensive factual data with a careful scrutiny of the motives methods and general conception of history that informed the Chinese historian Ssu ma Ch ien

[Civilization and the Chinese Body Politic](#) Yongnian Zheng,2022-11-22 In this important and hugely ambitious book one of the world s leading political scientists working on China demonstrates how Western views of China are flawed because the long tradition of Western scholarship studying China views China from the Western philosophical and intellectual perspective rather than viewing China on its own terms through the lens of China s own long established and reputable philosophical and intellectual tradition Providing a deep analysis of Western scholarship on China including work from Leibniz to Marx to Weber and then to Wittfogel and a thorough account of the evolution of China s own thinking about governance as expressed in the practices of successive Chinese dynasties the book goes on to examine how the current Chinese body politic fits with and is the natural outcome of China s own long well thought through and well practiced intellectual consideration of what the nature of civilized governance should be By focusing on philosophical and intellectual approaches rather than on theoretical or methodological ones the book shows how the huge and increasing disconnect between non Chinese views of China and Chinese ones has come about      [Autocracy and China's Rebel Founding Emperors](#) Anita M. Andrew,John A. Rapp,2000 What

kind of ruler was Mao Zedong Utilizing a rich mix of analysis and new translations this book examines other imperial predecessors and the elements linking Mao and Ming Taizu the fourteenth century peasant rebel who founded the Ming dynasty as well as critiques of Western and Chinese scholarship The book then presents translations with commentary of PRC scholars on Taizu and Mao showing the evolution in Chinese thought toward both rulers from the Cultural Revolution to the Deng Xiaoping reform era      **Perspectives on Modern China** Kenneth Lieberthal,Joyce Kallgren,Roderick MacFarquhar,Frederic Wakeman,2016-09-16 The conveners the editors of this book of the September 1989 Four Anniversaries China Conference in Annapolis asked the contributors to look back from that point in time to consider four major events in modern Chinese history in the perspective of the rapid changes that were shaping the Chinese society

economy polity and sense of place in the world in the 1980s a time when China was making rapid strides toward becoming more integrated with the outside world With contributions by distinguished scholars in the field the four anniversaries considered are the High Qing the May Fourth Movement forty years of communism in China and ten years of the Deng era
