**The Foundations of Conservative Thought** William R. Harbour,1982      **The Foundations of Conservative Thought** William R. Harbour,1976      **The Foundations of the British Conservative Party** Bradley W. Hart,Richard Carr,2013-08-01 A concise survey of the ideology structure and evolution of the British Conservative Party from the 19th century to the Cameron administration      **Casebook for The Foundation: A Great American Secret** Joel L. Fleishman,J. Scott Kohler,Steven Schindler,2009-03-25 Unique in all the world the American foundation sector has been an engine of social change for more than a century In this companion volume to *The Foundation A Great American Secret* Joel Fleishman Scott Kohler and Steven Schindler explore 100 of the highest achieving foundation initiatives of all time Based on a rich array of sources from interviews with the principals themselves to contemporaneous news accounts to internal evaluation reports this volume presents brief case studies of foundation success stories across virtually every field of human endeavor The influence of the foundations on American and indeed global society has only occasionally come into the public view For every well known foundation achievement Andrew Carnegie s massive library building program or the Robert Wood Johnson Foundation s public efforts to curb tobacco use there are a great many lesser known but often equally important stories to be told The cases in this volume provide a wealth of evidentiary support for Joel Fleishman s description of and recommendations for the foundation sector With lessons for grant makers grant seekers public officials and public spirited individuals alike this casebook pieces together 100 stories some well known others never before told and offers hard proof of the foundation sector s immense and enduring impact on scientific research education public policy and many other fields The work that foundations have supported over the past century has achieved profound results Yet foundations are capable of more and better This volume a window onto great successes of the past and present is at once a look back a look around and a point of reference as we turn to the future      **The Foundation** Joel L. Fleishman,2007-01-09 Foundations are a peculiarly American institution They have been the dynamo of social change since their invention at the beginning of the last century Yet they are cloaked in secrecy their decision making and operations are inscrutable to the point of obscurity leaving them substantially unaccountable to anyone Joel Fleishman has been in and around foundations for almost half a century running them sitting on their boards and seeking grants from them And in this groundbreaking book he explains the history of foundations tells the stories of the most successful foundation initiatives and of those that have failed and explains why it matters The baby boomer generation is going to participate in the largest transfer of wealth in history when it passes on its assets to its successor generation The third sector is about to become more powerful than ever This book shows how foundations can provide a vital spur to the engine of the American and the world s economy if they are properly established and run      *American Conservative Thought Since World War II* Melvin J. Thorne,1990-01-22 This highly readable work reviews previous definitions of American conservatism and then posits the two fundamental ideas that held in tandem form

the core of contemporary conservative thought the belief that human nature is unchanging and unalterable and the belief in the existence of an objective moral order independent of man's knowledge or perception of it The remaining five chapters examine the influence of the core ideas on such concepts as authority freedom government and economics community and change and tradition

The Handbook of Social Policy James Midgley, Michelle Livermore, 2009 The Handbook of Social Policy is a comprehensive examination of the development implementation and impact of social policy The contributors document the substantial body of knowledge about government social policies and their driving forces

The Politics and Philosophy of Political Correctness Jung Min Choi, John W. Murphy, 1992-11-24 PC or Political Correctness has received bad press according to Choi and Murphy Indeed the body of ideas and concepts embodied in PC have been trivialized by conservatives seeking to defend their own positions and by a press catering to a public put off by philosophical discussions Choi and Murphy seek to analyze the key facets of the debate over PC Starting with an examination of the key concepts of PC Choi and Murphy review the essentials of neo conservative social philosophy and the Postmodern Alternative as well as neo conservative critiques of postmodernism By providing a comprehensive examination of PC from its historical and philosophical underpinnings Choi and Murphy show what is at stake in the controversy This book is an important synthesis for researchers and students of contemporary philosophy and social policy

Revolt Against Modernity Ted V. McAllister, 1996 Provides the first comparison of the thought of these two political philosophers and its influence on contemporary American conservatism
