The Knights Templar in the New World William F. Mann, 2004-03-03 Uses the principles of sacred geometry archaeological evidence and Native American legend to discover the site of a secret Templar settlement in Nova Scotia Offers evidence that Scottish prince Henry Sinclair not only sailed to the New World 100 years before Columbus but that he also established a refuge there for the Templars fleeing persecution Shows that the Grail the holy bloodline connecting the House of David to the Merovingian dynasty through Jesus and Mary Magdalene was hidden in the New World In 1398 almost 100 years before Columbus arrived in the New World the Scottish prince Henry Sinclair Earl of Orkney sailed to what is today Nova Scotia where his presence was recorded by Micmac Indian legends about Glooskap This was the same Prince Henry Sinclair who offered refuge to the Knights Templar fleeing the persecution unleashed against the order by French king Philip the Fair at the beginning of the 14th century With evidence from archaeological sites indigenous legend and sacred geometry handed down by the Templar order to the Freemasons author William F Mann has now rediscovered the site of the settlement established by Sinclair and his Templar followers in the New World Here they found a safe refuge for the Grail the holy bloodline connecting the House of David to the Merovingian Dynasty through the descendants of Jesus and Mary Magdalene until the British exiled all the Acadians in 1755
