Providing Global Public Goods Inge Kaul, Pedro Conceicao, Katell Le Goulven, Ronald U. Mendoza, 2003-01-16 Elaborating on the concepts first introduced in Global Public Goods this book addresses the long overdue issue of how to adjust the concept of public goods to today s economic and political realities The production of global public goods requires the orchestration of initiatives by a large number of diverse actors across different levels and sectors It may require the collaboration of governments business and civil society and in most cases it almost certainly calls for an effective linkage of the local national regional and global levels In light of today s new realities this book examines a series of managerial and
