Impostors Christopher L. Miller,2022-12-22 Miller takes us on an exciting tour of postcolonial and world literature guiding us through the literary maze of the real and the pretenders to the real Ngugi wa Thiong o author of *Wizard of the Crow* Writing a new page in the surprisingly long history of literary deceit *Impostors* examines a series of literary hoaxes deceptions that involved flagrant acts of cultural appropriation This book looks at authors who posed as people they were not in order to claim a different ethnic class or other identity These writers were in other words literary usurpers and appropriators who trafficked in what Christopher L Miller terms the intercultural hoax In the United States such hoaxes are familiar Forrest Carter s *The Education of Little Tree* and JT LeRoy s *Sarah* are two infamous examples Miller s contribution is to study hoaxes beyond our borders employing a comparative framework and bringing French and African identity hoaxes

into dialogue with some of their better known American counterparts In France multiculturalism is generally eschewed in favor of universalism and there should thus be no identities in the American sense to steal However as Miller demonstrates this too is a ruse French universalism can only go so far and do so much There is plenty of otherness to appropriate This French and Francophone tradition of imposture has never received the study it deserves Taking a novel approach to this understudied tradition *Impostors* examines hoaxes in both countries finding similar practices of deception and questions of harm In this fascinating study of intercultural literary hoaxes Christopher L Miller provides a useful brief history of American literary impostures as a backdrop for his investigation of France s literary history of ethnic usurpation Henry Louis Gates Jr New York Times bestselling author **Text, Lies and Cataloging** Jana Brubaker,2018-07-10 What do James Frey s *A Million Little Pieces* Margaret B Jones *Love and Consequence* and Wanda Koolmatrie s *My Own Sweet Time* have in common None of these popular books are what they appear to be Frey s fraudulent drug addiction memoir was really a semi fictional novel Jones chronicle of her life in a street gang was a complete fabrication and Koolmatrie was not an Aboriginal woman removed from her family as a child as in her seemingly autobiographical account but rather a white taxi driver named Leon Carmen Deceptive literary works mislead readers and present librarians with a dilemma Whether making recommendations to patrons or creating catalog records objectivity and accuracy are crucial and can be difficult when a book s authorship or veracity is in doubt This informative and entertaining study addresses ethical considerations for deceptive works and proposes cataloging solutions that are provocative and designed to spark debate An extensive annotated bibliography describes books that are not what they seem **Defending Frequently Challenged Young Adult Books** Pat R. as publishers take aim at a new class of readers The books land on shelves without a history and so there is no standard by which to judge them Anita Silvey one of the country's leading authorities on books for young people has interviewed teenage readers all over the country and immersed herself in young adult books with an emphasis on books published in the last five years The result is this invaluable and very readable guide for parents teachers librarians booksellers reading groups and of course teens themselves With its extended essays describing 500 selections parents will quickly see what their teenagers are actually reading and will be able to find good books to introduce them to Teachers can spot excellent additions to summer reading lists Booksellers can move customers from one favorite to a host of others in the same genre Librarians can round out collections Book groups for adults teens or both will have hundreds of new titles to consider 500 Great Books for Teens is divided into twenty one sections including adventure and survival politics and social history horror romance war and conflict fantasy plays graphic novels poetry memoir and spirituality Every section offers up classics but the majority of titles are new In Beyond the 500 Silvey compiles a number of useful lists including books organized by geographic location and historical period as well as recommended audio books
