Handel's Messiah Gregory S. Athnos,2023-04-06 We think we know Handel s Messiah having heard it or performed it so many times But is there another way to look at this masterpiece Who assembled the texts Why How did Handel incorporate his own spiritual understanding of the texts In this treatise we view the composition from the same Baroque aesthetic perspective the composer used the Doctrine of Affections an approach heretofore unexplored in relationship to Handel s Messiah which held that every major and minor key prompted a particular very specific and involuntary emotional and spiritual response in the listener When facing a choice between following the accepted rules of musical composition or using the Affect best suited to the scriptural text Handel almost exclusively chose the Affect in other words he chose spiritual insight over compositional tradition Overlaying the various Affects on each movement of Handel s composition we discover the true heart and spiritual depth of the composer s magnum opus

A Textual and Historical Companion to Handel's Messiah Watkins Shaw,1965 This book provides an ample background of textual and historical information to Handel s Messiah Though it arises from the author s work involved in his own edition in vocal and full score Novello its relevance is by no means confined to that edition A survey of Handel s singers and of manuscript sources of the work provides the basis for an investigation into the alternations and development to which the work was subject after its original conception The alternative versions of numerous movements are also reviewed and thus a certain amount of light is shed on the form assumed by the earliest printed copies After an important discussion of textual authority and a commentary on the readings of individual movements the author concludes with a statement of editorial aims and practices Back cover
