The Church in a World of Religions Tom Greggs,2021-12-16 In this collection of essays Tom Greggs explores the nature of the church in a world of many religions Greggs writings on the Church and on other religions emphasize the importance of attentiveness to Christ and the Holy Spirit and both are simultaneously generous and particularist The first part of the book addresses the Church as it is brought into being by the Spirit in glorifying God celebrates the sacraments respects the authority of the creeds is generously Catholic and critiques its own religion The second part looks at the church in a pluralist context as it engages in inter faith dialogue expresses both particularism and universalism speaks of Christ with many names and reads scripture and understands the many covenants found there Greggs offers a programmatic conclusion setting an agenda for theologies of the church and of other religions and their simultaneous relationality

A Brief Text-book of Logic and Mental Philosophy Charles Coppens,1891 The Judeo-Christian Thought of Franz Rosenzweig Daniel M Herskowitz,2025-10-14 The Judeo Christian Thought of Franz Rosenzweig offers a new interpretation of Franz Rosenzweig s magnum opus The Star of Redemption commonly treated as one of the high points of modern Jewish thought and demonstrates its profound immersion in the Protestant conceptuality of

its time It argues that appreciating the decisive mark of Protestant thought on The Star solves many of its puzzles challenges some entrenched hagiographic orthodoxies about Rosenzweig and provides a unique perspective onto one of the most influential cases of the Protestantisation of Judaism The book shows that Rosenzweig s inventiveness resides in his weaving of Jewish and Christian motifs that result in an original scheme that is remarkably inclusive toward Judaism from a Christian perspective and remarkably inclusive toward Christianity from a Jewish perspective The Star thus emerges anew not simply as a work of Jewish thought that is influenced by Christian theology but as a work that is more accurately characterised as Judeo Christian

Outlines of Systematic Theology Augustus Hopkins Strong,1908 *Remembering Augustine* Christine F. Stephenson,2025-12-11 Augustine recognized memory to be pivotal in his journey to remember and know God His theology of memoria is intriguingly complex and profound An architectonic study of Augustinian memory reveals in greater depth Augustine s logical and deeply personal approach to his interrogation of memory Following Augustine s lead this book has co opted a transdisciplinary approach where Augustinian memory is explicated incorporating different specialisms This is not a theology versus science text it is a blending of the two where each ungirds the other As such architectonics has unveiled four main neoteric discoveries that have made some of Augustine s paradoxes regarding memory less enigmatic First an architectonic structure of memory elucidating the symphonic forms and fundamental affordances of memory in Conf X and earlier writings Second the insights from the examination of Augustinian memory and Arc a unique memory gene Third a model for the simultaneity of the three cardinal moments of time creation incarnation eternity with temporal time past present future and physical time illustrated by the Arc gene Fourth the theory of recapitulation where Conf XIII recapitulates I XII viewed through creation and other motifs in Confessiones It is hoped that this book will provoke a new way of thinking about Augustinian memory a re thinking of Augustine s theology of memoria

Outlines of Systematic Theology John Peter Jones,1908 *From the Creation of Man to Eternity* Mary Viola Gross,1916 Exploring the Glory of God Adesola Joan Akala,2020-11-24 With the aim of envisioning new horizons for a theology of glory Exploring the Glory of God New Horizons for a Theology of Glory offers fresh biblical theological and scientific perspectives on the subject of divine self revelation and human responses to the manifestations of divine presence The first three chapters explore the glorious encounter between Moses and God and the Christological dimensions of glory in Johannine and Pauline writings These chapters demonstrate how the biblical text inherently weaves aspects of covenant relationship revelation Christology ecclesiology and eschatology into a remarkable tapestry of divine glory Five theological chapters cover the role of the Holy Spirit and the worshipful response of believers to the glory of God as well as expositions on the glory themed writings of Jonathan Edwards Karl Barth Oscar Romero and Etty Hillesum These theological writers provoke challenging questions by emphasizing how the theme of glory paradoxically encompasses both otherworldly perfection and worldly imperfections The two concluding chapters focus on the natural and physical sciences revealing how God s glory is displayed

in the heavens and on earth The entire volume demonstrates the significance of divine glory in the study of the words and works of the triune God *The Young Men's Christian Magazine*, 1877 Creation's testimony to its God; or, The accordance of science, philosophy and revelation Thomas Ragg, 1873 New-Church Messenger, 1914 *A Select Library of Nicene and Post-Nicene Fathers of the Christian Church: Gregory of Nyssa: Dogmatic treatises, etc.* 1893 Philip Schaff, Henry Wace, 1893 **A Commentary on the Holy Scriptures** Johann Peter Lange, 1871 **The Doctrinal Theology of the Evangelical Lutheran Church** Heinrich Schmid, 1876
