From Inner Worlds To Outer Space:

The Moon Marie Laurberg, Lærke Rydal Jørgensen, 2018 The moon has long furnished humankind with an artistic icon an image of longing and object of scientific inquiry Encompassing art film literature architecture design natural history and historical objects and published on the occasion of the 50th anniversary of the first manned landing July 20 1969 The Moon surveys the iconography of the moon from Romantic landscape paintings to space age art It takes the 1969 landing as a thematic fulcrum and a culmination of the deep rooted cultural conceptions invested in the space race in the 1960s from David Bowie to Disney The book also accounts for the science of the moon throughout the ages from Galileo to NASA addressing the many lunar myths that have existed throughout time Also explored here is moonlight an important theme in the Romantic nocturnal landscapes of Caspar David Friedrich J C Dahl and Carl Julius von Leypold The Moon looks at all these lunar themes and myths in a thrilling and inspirational gathering for anyone who has felt the moon s pull on their imagination

From Inner Worlds to Outer Space Dan Kwong, 2004 Praise for Dan Kwong Somehow Kwong has held onto his sense of childlike wonder about the cosmos and that awe informs his free wheeling and uproarious performance Asian Week He weaves striking multi focus stage pictures around simple monologues about his Chinese and Japanese grandfathers ironic accounts of his own childhood and litanies of the trials facing Asian American males L A Times Saturated with high spirited enthusiasm a refreshingly forthright approach to his often dark material Chicago Tribune Kwong s humor is warm and loving it stems from a delightfully twisted taste for the absurdity of human behavior Be prepared to laugh to be moved and to fall in love with a performer L A Reader Dan Kwong s performances delve into the complexities of growing up as a working class Chinese Japanese American male in L A land of Hollywood and Disney Kwong s remarkable performances a potent array of multimedia effects and athletic physicalization investigate questions of identity and the intersecting effects of race culture class gender and sexuality From Inner Worlds to Outer Space brings together Kwong s scripts with illuminating commentary by critic Robert Vorlicky The book includes interviews that reveal Kwong s personal and artistic influences his evolution as an artist and his philosophical and technical approach to art making
