## **Edward The Uncrowned King:**

**Edward, the Uncrowned King** Christopher Hibbert, 1972 *Edward VIII (Penguin Monarchs)* Piers Brendon, 2018-08-28 After my death George V said of his eldest son and heir the boy will ruin himself within twelve months The forecast proved uncannily accurate Edward VIII came to the throne in January 1936 provoked a constitutional crisis by his determination to marry the American divorcee Wallis Simpson and abdicated in December He was never crowned king In choosing the woman he loved over his royal birthright Edward shook the monarchy to its foundations Given the new title Duke of Windsor and essentially sent into exile he remained a visible skeleton in the royal cupboard until his death in 1972 and he haunts the house of Windsor to this day Drawing on unpublished material notably correspondence with his most loyal though much tried supporter Winston Churchill Piers Brendon's superb biography traces Edward's tumultuous public and private life from bright young prince to troubled sovereign from wartime colonial governor to sad but glittering expatriate With pace and panache it cuts through the myths that still surround this most controversial of modern British monarchs

The Uncrowned Kings of England Derek Wilson, 2013-07-25 In the political ferment of the Tudor century one family above all others was always at the troubled centre of court and council During those years the Dudleys were never far from controversy Three of them were executed for treason They were universally condemned as scheming ruthless over ambitious charmers and one was defamed as a wife murderer Yet Edmund Dudley was instrumental in establishing the financial basis of the Tudor dynasty and John Dudley Duke of Northumberland led victorious armies laid the foundations of the Royal Navy ruled as uncrowned king and almost succeeded in placing Lady Jane Grey on the throne The most famous of them all Robert Dudley Earl of Leicester came the closest to marrying Elizabeth I was her foremost favourite for 30 years and governed the Netherlands in her name while his successor Sir Robert Dudley was one of the Queen's most audacious seadogs in the closing years of her reign but fell foul of James I Thus the fortunes of this astonishing family rose and fell with those of the royal line they served faithfully through a tumultuous century see [www.derekwilson.com](http://www.derekwilson.com) *Preparing Tudor Kings and Princes to Rule* Julia A Hickey, 2025-04-28 Explores the lives of those who shaped Tudor princes and princesses from devoted servants to tragic figures in the monarchy's shadow The men and women who found themselves responsible for Tudor princes and princesses were chosen for a variety of reasons and came from different backgrounds The outcome of their labour was almost as varied These are the stories of the men and women who moulded the Tudors and what happened to them in the throne's shadow Amongst their number were gentlewomen veterans of the Wars of the Roses a Plantagenet princess Welsh speakers royal uncles and the children of convicted traitors For some there were rewards pensions and preferment For others there was only disaster For those who sought power themselves including Edward VI's guardians Edward Seymour and John Dudley the executioner's axe awaited Jasper Tudor protected his nephew Henry Tudor during thirteen difficult years in exile fulfilling the role of bodyguard secret agent and adviser Lady Margaret Beaufort advised on

the birth education and marriages of her grandchildren Princes and princesses were reared from infancy by women whom the ruling monarch could trust Mother Jak and Sybil Penn became surrogate mothers Governesses including Margaret Countess of Salisbury and Lady Margaret Bryan were loyal kind and protective Others like Anne Shelton were appointed to make the lives of their royal charge a misery It was left to Katherine Parr a strongminded intelligent woman to exercise her right as Henry VIII s queen to take a close personal interest in the education of her step children Faced with dysfunctional families and turbulent times governors and governesses faced imprisonment execution or ruin on behalf of their royal charges But the rewards were worth the risk

**Against the Wind** Rajni Kumar, 2019-10-25 No doubt the greatest event in my life was leaving England the country of my birth to follow the stirrings of my heart and to make my home in this wondrous and fascinating country India Thus begins the story of Nancie Joyce Margaret Jones with her arrival in Bombay on an ocean liner from London one morning in 1946 She had never travelled abroad until then but now she was in love with Yudister Kumar a fellow student from her university days who had to return home to immerse himself in India's freedom struggle with no prospects of coming back to England And so at the young age of twenty three she decided to follow him to a strange and faraway country that she did not know then would transform her life forever As she got married and took on the name Rajni there were exciting developments on the professional front too A series of unexpected circumstances led her to start a kindergarten in the living room of her Delhi house in 1955 And thus was born Springdales which burst upon the educational scenario with vibrancy dovetailing much of the ethos and culture of the

new India into its philosophy Now at the wholesome age of ninety six the school having grown to four in India and one in Dubai with several thousand students on the rolls and an enviable reputation for education Rajni Kumar looks back on her extraordinary life in *Against the Wind* Observant and vivacious it is a memoir that is a testament as much to her lifelong work in education as to the spirit of romance and daring with which she set foot in a new country all those decades ago
