**Edward, Pilgrimage of a Mind** Edward Yoder,1985     *Edwards on the Christian Life* Dane Ortlund,2014-08-31 Jonathan Edwards is widely hailed as the greatest theologian in American history In *Edwards on the Christian Life* Dane Ortlund invites us to explore the great eighteenth century pastor s central passion God s resplendent beauty Whether reflecting on the nature of love the preeminence of Scripture or the glory of the natural world the concept of beauty stood at the heart of Edwards s theology and permeated his portrait of the Christian life Clear and engaging this accessible volume will inspire you to embrace Edwards s magnificent vision of what it means to be a Christian enjoying and reflecting of the beauty of God in all things Part of the *Theologians on the Christian Life* series     **The Mirror** ,1983     *Edwards the Mentor* Rhys S. Bezzant,2019-06-17 Among his many accomplishments Jonathan Edwards was an effective mentor who trained many leaders for the church in colonial America but his pastoral work is often overlooked Rhys S Bezzant investigates the background method theological rationale and legacy of his mentoring ministry Edwards did what mentors normally do he met with individuals to discuss ideas and grow in skills But Bezzant shows that Edwards undertook these activities in a distinctly modern or affective key His correspondence is written in an informal style his understanding of friendship and conversation takes up the conventions of the great metropolitan cities of Europe His pedagogical commitments are surprisingly progressive and his aspirations for those he mentored are bold and subversive When he explains his mentoring practice theologically he expounds the theme of seeing God face to face summarized in the concept of the beatific vision which recognizes that human beings learn through the example of friends as well as through the exposition of propositions In this book the practice of mentoring is presented as an exchange between authority and agency in which the more experienced person empowers the other whose own character and competencies are thus nurtured More broadly the book is a case study in cultural engagement for Edwards deliberately takes up certain features of the modern world in his mentoring and yet resists other pressures that the Enlightenment generated If his world witnessed the philosophical evacuation of God from the created order then Edwards s mentoring is designed to draw God back into an intimate connection with human experience
