Effective Church Planning:

Effective Church Planning Lyle E. Schaller, 1979 Lyle E Schaller offers seven basic factors for translating important new concepts from the behavioral sciences into terms that can be used for effectively solving church problems Is guilt a means of motivation in your church How does the appearance of the meeting place affect the type or quality of worship a church has Specific and relatively common issues such as these which face nearly every church of every denomination at one point or another are discussed as well as budgeting worship evangelism expansion of facilities tenure fellowship and motivation Schaller includes a chapter on Symptoms or Problems and uses four case studies to illustrate how easy it is to focus on symptoms rather than on basic underlying causes Lyle Schaller believes that armed with a realistic diagnosis almost everyone has the potential to be a problem solver and respond creatively and innovatively His method of problem solving encourages us not to dwell on past mistakes or regrets but to plan with the future in mind

leaders to develop a strategic plan fitting to their specific ministry or church The appendixes provide tools used in planning as well as a complete sample strategic plan for a large church Put these concepts to immediate use in decisionmaking and pursue God's purpose and vision for the church or ministry If readers take the time and effort to study this book apply its format and prayerfully keep God in every step of the plan here is what the authors believe plan administrators can expect

- 1 A sense of enthusiasm in the church or ministry
- 2 A 5 year plan in writing to which everyone is committed
- 3 A sense of commitment by the entire church to its overall direction
- 4 Time for the leaders to do what they have been called to do

- 9 Guaranteed leadership of the church or ministry because a plan is in place in writing and is understood

Even more importantly a management team and philosophy will be in place to guide the church or ministry into its next era of growth Explore this Biblical perspective on planning and develop a strategic plan that is systematic and continuous and allows the church or ministry to assess its market position establish goals objectives priorities and strategies to be completed within specified time periods achieve greater staff and member commitment and teamwork aimed at meeting challenges and solving problems and muster its resources to meet these changes through anticipation
