Couling,2025-10-01 Non elite or marginalized early modern women among them the poor migrants members of religious or ethnic minorities abused or abandoned wives servants and sex workers have seldom left records of their experiences Drawing on a variety of sources including trial records administrative paperwork letters pamphlets hagiography and picaresque literature this volume explores how as social agents these doubly invisible women built and used networks and informal alliances to supplement the usual structures of family and community that often let them down Ten essays ranging widely in geography from the eastern Mediterranean to colonial Spanish America and in time from the sixteenth to the eighteenth centuries show how flexible sometimes ad hoc relationships could provide crucial practical and emotional support for women who faced problems of livelihood reputation displacement and violence The Name Game Jurgen Gerhards,2017-10-24 From decade to decade significant changes occur in the choice of first names for children One time favorites are perceived as old fashioned and replaced by new choices In *The Name Game* Jurgen Gerhards shows that shifts

in the choice of names are based on more than arbitrary trends of fashion Instead he demonstrates they are determined by larger currents in cultural modernization Using classic tools of sociology Gerhards focuses on changing patterns of first names in Germany from the end of the nineteenth century to the end of the twentieth using these as an indicator of cultural change Among the influences he considers are religion and he notes a trend toward greater secularization in first names He considers the extent to which Christian names have been displaced and whether the process is similar for Catholics and Protestants He traces the impact of different political regimes Second Empire Weimar Republic Third Reich West Germany East Germany and the accompanying rise and fall of German nationalist sentiment He also investigates the dissolution of the family as a unit of production and its impact on the naming of children He shows that the weakening of traditional ties of religion nation and family has led to greater individuation and greater receptivity toward foreign first names Gerhards concludes with a discussion of whether the blurring of gender and sex roles is reflected in the decrease of gender specific names Written in a lucid approachable style *The Name Game* will be of interest not only to sociologists and cultural studies specialists but also non professionals especially parents who are interested in reflecting on the process of name giving
