Gissing And Germany:

Gissing and Germany Patrick Bridgwater,1981 *Gissing and Germany* Patrick Bridgwater,1981 *Germany as Model and Monster* Gisela Argyle,2002 In *Germany as Model and Monster* Gisela Argyle details allusions in English novels to German social cultural and political life Such allusions serve as criticism of English life and of English conventions of fiction Beginning her study with Thomas Carlyle s Germanizing efforts in the 1830s and ending before Hitler s Third Reich and the Holocaust Argyle concludes that current global conceptions of Englishness and of national literatures have made this kind of comparison in fiction obsolete **British Images of Germany** R. Scully,2012-10-30 *British Images of Germany* is the first full length cultural history of Britain s relationship with Germany in the key period leading up to the First World War Richard Scully reassesses what is imagined to be a fraught relationship illuminating the sense of kinship Britons felt for Germany even in times of diplomatic tension **German Elements in the Fiction of George Eliot, Gissing, and Meredith** Gisela Argyle,1979 George Eliot Gissing and Meredith are the nineteenth century British novelists who in their fiction made the most significant and substantial use of German material The function of this material is twofold relating both to the life presented and to the presentation An elucidation of the German references adds not only to a fuller understanding of the individual novels but also of the author s theory and practice of fiction and of one of the experimental tendencies in the wide tradition of the English novel **Austin Harrison and the English Review** Martha S. Vogeler,2008 Political and literary journalist Austin Harrison became editor of the *English Review* in 1910 While holding that chair he expanded the publication s literary scope by publishing articles on such issues as women s suffrage parliamentary reform the German threat and Irish home rule But although he edited the *Review* far longer than did its celebrated founder Ford Madox Ford history has long confined him to the shadows of not only his predecessor but also his father the English Positivist Frederic Harrison This first scholarly assessment of Harrison s tenure at the *English Review* from 1910 to 1923 shows him courting controversy establishing reputations winning and losing authors and pushing the limits of the publishable as he made his *Great Adult Review* the most consistently intelligent and challenging monthly of its day Martha Vogeler offers a compelling personal and family narrative and a new perspective on British literary culture and political journalism in the years just before during and after the First World War Vogeler provides a revealing account of Harrison the editor his writings and opinions his public life and relations as she also traces the complex relationship between a son and his famous father Balancing a scholar s attention to detail and a fine writer s eye for style she relates Harrison s improbable friendships with the notorious Frank Harris and the outrageous Aleister Crowley And she has mined Harrison s correspondence to lend insight into the careers of such writers as Ford Madox Ford D H Lawrence H G Wells Joseph Conrad John Masefield Bernard Shaw Arnold Bennett and Marie Stopes Other figures such as George Gissing Bertrand Russell Lord Northcliffe and important Irish revolutionaries appear in new contexts Ranging widely across literature foreign relations national politics the women s movement censorship and

sexuality Vogeler captures the themes of Harrison's era. She describes his transformation from Germanophobe before and during World War I to an outspoken critic of the punitive measures against Germany in the Treaty of Versailles. She explores the ambiguities in his engagement with modernist aesthetics and in his attempt to escape the shadow of his father while benefiting from his family's wealth and connections. Vogeler's assessment of Harrison's books further sharpens our understanding of his ideas about Germany, women's education, and Victorian family life, notably his underappreciated tribute to his father, Frederic Harrison's *Thoughts and Memories*. This account of Austin Harrison's career allows us to observe a journalist making his way in a highly competitive world and opens up a new window on Britain in the era of the Great War.

Anglo-German Interactions in the Literature of the 1890s Patrick Bridgwater, 1999. This is a study of what the main aesthetic writers of late nineteenth century Britain made of German literature and of how Germany in turn reacted to them. The impact of Anglo-Scottish art nouveau in fin de siècle Austria and Germany made it predictable that Keats, Pater, and Rossetti among others would be well received but no one could have known in advance that by the time of their deaths Swinburne and Wilde would be more highly regarded in Germany than in Britain. Bridgwater's lucid and thoroughly documented study casts new light on the central cultural issues of the day, including ideas of mortality, truth, and subjectivism in art, comparing Pater and Wilde with Nietzsche and George Moore, that chameleon of the decadent nineties with Schopenhauer. Patrick Bridgwater, Emeritus Professor of German in the University of Durham, is known for his books on Anglo-German literary relations: *Nietzsche, Schopenhauer, Kafka, and Expressionism*. **The Gissing Journal**, 2008. *The Annual American Catalogue ...*, 1899.
