Glenn Brown: In the Altogether Glenn Brown,2025-08-05 *Glenn Brown* Hannah Freedberg,2016-03 **Glenn Brown** Francesco Bonami,2009-09 One of the most admired painters of his generation Glenn Brown b 1966 borrows from art history and popular culture to investigate the languages of painting Nominated for the Turner Prize in 2000 Brown is fascinated by how reproductions of paintings distort the qualities of the originals The most thorough investigation of the artist s work in print this book features contributions by leading international critics and over 70 paintings sculptures and previously unpublished new works including spectacular gatefold illustrations Working from books or projecting reproductions onto a blank surface Brown transforms familiar images into alien ones by making changes in size color surface texture and brushwork Culling source material from Dal Rembrandt Auerbach and others Brown s playful technique juxtaposes elements of kitsch and the sublime Published to accompanying a major touring retrospective exhibition Glenn Brown is the premier testament to a sensational body of work Glenn Brown: And Thus We Existed Glenn Brown,Dawn Ades,2021-05-31 Glenn Brown s swirling grotesque figures emerge from uncanny manipulations of old and new masters In this volume British artist Glenn Brown born 1966 presents a selection of recent works across painting drawing and sculpture Brown s work disarms common distinctions between beauty and abjection he takes the protagonists of his paintings from old and new masters such as Raphael Boucher Delacroix or Baselitz whose figures he alienates mutilates digitally manipulates and covers with seething color gradients and bands of swirling color In Brown s drawings the bodies and faces intertwine bound together by looping lines leaving the viewer with the uncanny impression of a schizophrenic self as the artist notes In his sculptures color grows into space brushstrokes flee the plane into a third dimension threatening to smother the antique bronze figurines they grow from Conceptually distinct from appropriation art Brown s artistic process demonstrates where his focus essentially lies not in the base image but rather in the possibilities that derive from it **Glenn Brown** Michael Bracewell,2007-01-01

Glenn Brown Glenn Brown,David Freedberg,2004 I am a little bit like Doctor Frankenstein because I create my pictures with the remains and dead parts of other artists works So says the rising London painter Glenn Brown while essayist Tom Morton likens Brown s canvases to a zombie comedy Thus Theater is a half length portrait of a skeleton whose bones resemble a slimy organic mass of meat paste and raspberry ice cream while the sad mutant heads in Asylums of Mars and The Hinterland look as if they were bred in a mad geneticist s laboratory In this monograph six recent works are presented on deluxe tipped in color plates each accompanied by a detail that reveals Brown s technique the artist fills his grounds with flowing whirlpools of shifting colors but what initially look like thick brushstrokes are revealed upon closer examination to be very thin layers of paint that could almost be mistaken for photographs or digitally manipulated prints **Glenn Brown** Glenn Brown,Stephen Hepworth,2000 Contemplating the work of Glenn Brown one gets the feeling that this is what contemporary painting should be like Brown s canvases play with our perceptions appropriate and reconfigure past works

and offer intoxicating visions of our future present While some of his works seem to combine the influence of Gerhard Richter with science fiction graphics others are re paintings of works by Rembrandt de Kooning Dali Fragonard and Appel This new monograph surveys Brown s recent output of remarkably vibrant works that combine the appeal of pop culture from New Order songs to Bladerunner with the best of the visual arts **Glenn Brown** Rudi Fuchs,2015-07-14 I like my paintings to have one foot in the grave to be not quite of this world For me they exist in a dream world a world that is made up of all the accumulated images stored in our subconscious that coagulate and mutate when we sleep Glenn Brown Mining art history and popular culture Brown has created an artistic language that transcends time and pictorial conventions He creates a space where the abstract and the visceral the rational and irrational the beautiful and grotesque churn in a dizzying amalgamation of reference and form In paintings completed over the last three years including some of his largest works to date Brown confronts traditional subjects of still life and portraiture With characteristically fleshy textures beneath remarkably flat and glossy surfaces the scenes evoke traditional memento mori Glenn Brown Sergio Risaliti,2017 Mining art history and popular culture Glenn Brown has created an artistic language that transcends time and pictorial conventions His mannerist impulses stem from a desire to breathe new life into the extremities of historical form Through reference appropriation and investigation he presents a contemporary reading of images new and remembered Borrowed figures and landscapes are subjected to a thoughtful and extended process of development in which they gradually transform into compelling exuberant entities In sophisticated compositions that fuse diverse histories the Renaissance Impressionism Surrealism Brown creates a space where the abstract and the visceral the rational and irrational the beautiful and grotesque churn in a dizzying amalgamation of reference and form 00Exhibition Museo Bardini Florence Italy 10 06 16 10 2017
