Egyptian Night:

Egypt Pierre Loti, 2024-01-24 Embark on a captivating journey through the timeless landscapes and ancient wonders of Egypt with Pierre Loti in Egypt Penned by the French author in the late 19th century this travel narrative provides readers with a poetic and insightful exploration of the mysteries and allure of the Nile Valley As Loti delves into the iconic monuments vibrant markets and cultural richness of Egypt Egypt is more than a travelogue it s a literary expedition that captures the fascination and wonder inspired by the land of pharaohs Join Loti on this literary journey where each page unveils a new layer of discovery making Egypt an essential read for those captivated by tales of historical landscapes and the enduring magic of the Egyptian civilization To-day in Egypt Alfred Cunningham, 1912 **The 1956 Suez War and the New World Order in the Middle East** Yagil Henkin, 2015-10-22 The 1956 Suez War fought between Egypt and the improbable coalition of Britain France and Israel was a key point in the history of the Middle East and the Arab Israeli conflict A blitzkrieg style Israeli victory proved that Israel s victory in the 1948 war was not an accident to be swiftly fixed by Arab armies and gave the country eleven years of relative peace until the next major conflict An Anglo French blunder marked the decline of British and French influence in the Middle East to be replaced by Soviet and US involvement Egyptian defiance of the great powers of the past marked the high point of Arab nationalism Despite the importance of the Suez conflict almost no comprehensive military history of it exists This book changes this by presenting a clear comprehensive narrative of the conflict with a special emphasis on the military decisions and the short and long term results of the conflict both tactical and strategic military and political The Chautauquan Theodore L. Flood, Frank Chapin Bray, 1909 **Egypt (La Mort de Philae)** Pierre Loti, 2022-11-22 This is an incredible travelogue of Egypt by the late 19th century French naval officer and novelist Pierre Loti The beautiful and vivid descriptions will make readers see Egypt through his eyes Moreover it contains strangely personal and sentimental reminiscences The Beginnings of the Egyptian Question and the Rise of Mehemet Ali Muḥammad Shafiq Ghurbāl, 1928 **England in Egypt** Alfred Milner Milner (Viscount), 1902 *Whispering Dust* Eldrid Reynolds, 1914 **Egyptian and Other Verses** George Cookson, 1904 The Chautauquan , 1909 **Poverty of the Imagination** David Herman, 2001-09-28 The primal scene of all nineteenth century western thought might involve an observer gazing at someone poor most commonly on the streets of a great metropolis and wondering what the spectacle meant in human moral political and metaphysical terms For Russia most of whose people hovered near the poverty line throughout history the scene is one of special significance presenting a plethora of questions and possibilities for writers who wished to depict the spiritual and material reality of Russian life How these writers responded and what their portrayal of poverty reveals and articulates about core values of Russian culture is the subject of this book which offers a compelling look into the peculiar convergence in nineteenth century Russian literature of ideas about the poor and about the processes of art **Desert Love** Joan Conquest, 1920 This is a pre 1923 historical reproduction that was curated for quality Quality

Calendars of Permission Stars Seasons and the Weight of the Hour is a comparative study of sacred timing systems written for readers who prefer rigor to romance and precision to spectacle Beginning with Mesopotamian astral divination and concluding with Taoist internal time Dr Juan Carlos Rey traces how cultures have determined when action is permitted delayed or refused Drawing on primary sources in astronomy ritual studies legal history and medicine the book treats sacred time as an applied discipline rather than a decorative belief Calendars hours cycles and corrections are examined as tools that governed action in courts temples clinics households and inner practice This work is grounded in established scholarship while remaining readable to practitioners who value historical seriousness It avoids universal claims resists spiritual shorthand and keeps its attention on structure method and consequence Sacred timing appears here not as mysticism but as governance Not as intuition alone but as trained discernment Written with clarity restraint and a faintly mischievous elegance Calendars of Permission will appeal to scholars of comparative religion history of science ritual studies and anthropology as well as readers interested in astrology calendars and the long human effort to act at the right time and to wait when the hour does not consent
