## **Egyptian Nights:**

**Loved Egyptian Night** Hugh Roberts, 2024-02-27 Why did the Arab Spring have such calamitous outcomes Loved Egyptian Night fundamentally reassesses the Arab Spring refuting the stories the Western powers fed to the world There is no doubt that the toppling of Ben Ali in Tunisia in January 2011 and what it led to amounted to a political revolution But the uprisings in Egypt Libya and Syria countries with quite different histories and political traditions were never revolutions As Hugh Roberts explains the bitter ends of these episodes were inscribed in their misunderstood beginnings To celebrate these uprisings as revolutions preempts and inhibits critical analysis and expresses an abdication of intellectual responsibility After so much wishful thinking what remains is the debris of a cynical pretension Outside interference ostensibly on behalf of these revolutions reduced Libya to anarchy and condemned Syria to a devastating proxy war now in its twelfth year In Egypt the Free Officers state was re booted in its most brutal ever form The Americans and Europeans did not vainly try to help the Egyptians or anyone else escape from authoritarian rule Instead they contrived to seal them up in it The long oppression of these societies Kipling s loved Egyptian night is not going to be ended by the Western powers these days it is guaranteed by them

*Poverty of the Imagination* David Herman, 2001-09-28 The primal scene of all nineteenth century western thought might involve an observer gazing at someone poor most commonly on the streets of a great metropolis and wondering what the spectacle meant in human moral political and metaphysical terms For Russia most of whose people hovered near the poverty line throughout history the scene is one of special significance presenting a plethora of questions and possibilities for writers who wished to depict the spiritual and material reality of Russian life How these writers responded and what their portrayal of poverty reveals and articulates about core values of Russian culture is the subject of this book which offers a compelling look into the peculiar convergence in nineteenth century Russian literature of ideas about the poor and about the processes of art
