Global Competitiveness Report 2003 2004:

The Global Competitiveness Report 2003-2004 World Economic Forum,2004 The Global Competitiveness Report 2003 2004 is the 24th of the World Economic Forum s annual rankings of the world s leading economies Written in a non technical language and style this report aims to appeal to a broad audience consisting of policy makers business leaders and academics

The Global Competitiveness Report 2003-2004 ,2004 **The World Economic Forum** Geoffrey Allen Pigman,2007-01-24 This book explores the paradoxes and unique characteristics of the World Economic Forum highlighting contemporary issues and debates on global governance economic development and corporate social responsibility The Forum is one of the most influential but least understood global institutions Its annual meeting in Davos Switzerland and its regional summits held around the world attract a significant and powerful audience from the worlds of business economics politics and civil society The participants who include business and political leaders representatives of international institutions and civil society organizations academia and the media meet to debate issues of global concern and to develop possible solutions Forum members see the organization as an innovative venue bringing together different types of stakeholders to solve global problems To its critics however the Forum s public face conceals a private venue for making business deals With clear and concise sections including boxes containing key ideas and arguments The World Economic Forum is a much needed introduction to an important and controversial organization and will be of considerable interest to students and practitioners of international business international political economy economics development international relations and globalization

American Competitiveness Worldwide United States. Congress. House. Committee on Small Business. Subcommittee on Economic Growth, Capital Access, and Tax,2013 World Development Report 2005 World Bank,2004 Firms and entrepreneurs of all types from microenterprises to multinationals play a central role in growth and poverty reduction Their investment decisions drive job creation the availability and affordability of goods and services for consumers and the tax revenues governments can draw on to fund health education and other services Their contribution depends largely on the way governments shape the investment climate in each location through the protection of property rights regulation and taxation strategies for providing infrastructure interventions in finance and labor markets and broader governance features such as corruption The World Development Report 2005 argues that improving the investment climates of their societies should be a top priority for governments Drawing on surveys of nearly 30 000 firms in 53 developing countries country case studies and other new research the Report explores questions such as What are the key features of a good investment climate and how do they influence growth and poverty What can governments do to improve their investment climates and how can they go about tackling such a broad agenda What has been learned about good practice in each of the main areas of the investment climate What role might selective interventions and international arrangements play in improving the investment climate What can the international community do to help developing countries improve the investment climates of

their societies In addition to detailed chapters exploring these and related issues the Report contains selected data from the World Bank s new program of Investment Climate Surveys the Bank s Doing Business Project and World Development Indicators 2004 an appendix of economic and social data for over 200 countries This Report offers practical insights for policymakers executives scholars and all those with an interest in economic development *The Mexico Competitiveness Report 2009* , The Innovation for Development Report 2009-2010 A. López-Claros,2009-11-18 The relative importance of various drivers of economic growth and prosperity has evolved over time and for a growing number of countries innovation in its many dimensions is emerging as a leading factor The Innovation for Development Report provides a comprehensive look at the role of innovation in enhancing the development process **India and the Knowledge Economy** Carl J. Dahlman,Anuja Utz,2005-01-01 In the global knowledge economy of the twenty first century India s development policy challenges will require it to use knowledge more effectively to raise the productivity of agriculture industry and services and reduce poverty India has made tremendous strides in its economic and social development in the past two decades Its impressive growth in recent years 8.2 percent in 2003 can be attributed to the far reaching reforms embarked on in 1991 and to opening the economy to global competition In addition India can count on a number of strengths as it strives to transform itself into a knowledge based economy availability of skilled human capital a democratic system widespread use of English macroeconomic stability a dynamic private sector institutions of a free market economy a local market that is one of the largest in the world a well developed financial sector and a broad and diversified science and technology infrastructure and global niches in IT But India can do more much more to leverage its strengths and grasp today s opportunities India and the Knowledge Economy assesses India s progress in becoming a knowledge economy and suggests actions to strengthen the economic and institutional regime develop educated and skilled workers create an efficient innovation system and build a dynamic information infrastructure It highlights that to get the greatest benefits from the knowledge revolution India will need to press on with the economic reform agenda that it put into motion a decade ago and continue to implement the various policy and institutional changes needed to accelerate growth In so doing it will be able to improve its international competitiveness and join the ranks of countries that are making a successful transition to the knowledge economy *Poland Competitiveness Report* ,2008 **World Development Report 2005** Warrick Smith,World Bank,2004-09 Firms and entrepreneurs of all types from microenterprises to multinationals play a central role in growth and poverty reduction Their investment decisions drive job creation the availability and affordability of goods and services for consumers and the tax revenues governments can draw on to fund health education and other services The World Development Report 2005 argues that improving the investment climates of their societies should be a top priority for governments Drawing on surveys of nearly 30 000 firms in 53 developing countries country case studies and other new research the Report explores questions such as What are the key features of a good investment climate and how do they influence growth and poverty What can

governments do to improve their investment climates and how can they go about tackling such a broad agenda What has been learned about good practice in each of the main areas of the investment climate What role might selective interventions and international arrangements play in improving the investment climate What can the international community do to help developing countries improve the investment climates of their societies In addition to detailed chapters exploring these and related issues the Report contains selected data from the World Bank s new program of Investment Climate Surveys the Bank s Doing Business Project and World Development Indicators 2004 This Report offers practical insights for policymakers executives scholars and all those with an interest in economic development
