ENSCI 206-ENVIRONMENTAL IMPACT ASSESSMENT  
Prof. Edward R. Lapong

**SUMMARY OF STRENGTHENING THE ENVIRONMENTAL PERFORMANCE  
MONITORING & EVALUATION SYSTEM OF THE PHILIPPINE ENVIRONMENTAL  
IMPACT STATEMENT SYSTEM (SEPMES-PEISS) Volume 1**

SEPMES-PEISS Volume I aim to enhance the monitoring and evaluation system within the Environmental Impact Assessment process. Generally, it focuses on improving the effectiveness of environmental impact assessments, ensuring compliance with environmental regulations, and enhancing the overall environmental performance of projects. Thus, it provides legal and procedural framework for conducting an EIA for projects that will likely to have significant environmental impacts. Also, it safeguards the environment and natural resources in the fast growing industrialization and urbanization. It is a comprehensive document that details the of application for ECC, monitoring, validation and evaluation/audit.

Effective monitoring and evaluation is dependent on the participation of the stakeholders in project affected areas. SEPEMS-PEISS emphasizes the definition and selection of stakeholders, its role and mandate for the protection of the environment. The stakeholders includes the EMB Central office, EMB Regional Office, Proponent, EIS Reviewer, Monitoring and Audit Committee, MMT, Third-party auditor, SRU's and local communities. When projects category A project is issued with ECC, a multi-partite monitoring team (MMT) should be formed immediately after issuance. Upon the creation of the MMT, a MOA is develop that spells out its role and responsibilities. These duties and responsibilities includes; review of the proponent's Environmental Monitoring and Audit Plan/Audit Manul (EMAP/M), review of SMR's and third party audit report, confirmatory sampling and measurement activities and complaint verification and management. On the other hand, an environmental monitoring fund (EMF) is a requirement for the proponents to compensate the work of the MMT. The EMF is a fund for the monitoring team that is established by the proponent before the construction phase.

Singapore Education System and Policy Handbook      **Trade and Development Report** United Nations Conference on Trade and Development. Secretariat, 1981      **Public Finance and Economic Growth in Developing Countries** Stephen Peterson, 2015-04-24 Public finance is crucial to a country's economic growth yet successful reform of public finances has been rare. Ethiopia is an example of a country that undertook comprehensive reform of its core financial systems independent of the IMF and the World Bank and successfully transformed itself into one of the fastest growing economies in Africa. With Ethiopia's twelve-year reform as its guiding case study, this book presents new analytical frameworks to help governments develop better financial reforms. It shows in detail how four core financial systems: budgeting, accounting, planning, and financial information systems can be reformed. One of the principal findings presented is that governments must establish basic public financial administration before moving to more sophisticated public financial management. Other key findings include the identification of four strategies of reform: recognize, improve, change, and sustain; the centrality of ongoing learning to the process of reform; and the importance of government ownership of reform. This book will be of interest to researchers and policymakers concerned with public finance, developmental economics, and African studies.      **United Nations**
