How Do We Know who We Are? Arnold M. Ludwig,1997 Psychiatrist Ludwig weaves insights from in depth interviews with 21 biographers with observations from his own practice to investigate the mechanisms by which people construct identities He describes how biographers must impose a narrative structure on the mass of often contradictory information in much the same way therapists try to foster understanding and awareness in their patients He concludes by asserting that people can use the same methods to find meaning in their lives Annotation copyrighted by Book News Inc Portland OR
